PUBLIC UTILITIES COMMISSION. )**

On August 3, 2001, pursuant to inquiry from Armstrong Park Homeowners Association regarding the status of a water system serving their subdivision, the Commission initiated an investigation as to whether Development Concepts, Inc. dba Armstrong Park Water Company is a water corporation as defined by *Idaho Code* §§ 61-124 and 61-125 and a public utility as defined by *Idaho Code* § 61-129.

The Commission is informed that in the course of its investigation, Staff was apprised of ongoing discussions regarding the possible acquisition of the Armstrong Park water system by the City of Coeur d'Alene. The Commission is now informed that the City of Coeur d'Alene has acquired and is the provider of water to the customers previously served by the Armstrong Park water system. Having no statutory jurisdiction over municipal utilities, the Commission finds it reasonable to close the investigative docket in Case No. GNR-W-01-02. *Idaho Code* § 61-104.

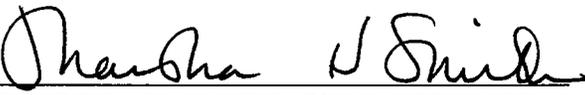

**ORDER**

In consideration of the foregoing, IT IS HEREBY ORDERED that the investigative docket in Case No. GNR-W-01-02 is closed.

THIS IS A FINAL ORDER. Any person interested in this Order may petition for reconsideration within twenty-one (21) days of the service date of this order with regard to any matter decided in this Order. Within seven (7) days after any person has petitioned for reconsideration, any other person may cross-petition for reconsideration. *See Idaho Code* § 61-626.
