Subject: PUC Comment/Inquiry Form

A Comment from Jesse W. Smith, Jr. follows:

Case Number: GNR-W-04-01
Name: Jesse W. Smith, Jr.
Address: 10168 Mamie Road
City: Boise
State: Idaho
Zip: 83714
Home Telephone: 208-853-03-91
Contact E-Mail: willfurd@cableone.net
Name of Utility Company:
Add to Mailing List: yes

Please describe your question or comment briefly:
Regarding this case there are some issues that I would like addressed prior to the final decision. It is important that water be provided to this area as soon as possible because of the water table. I would propose that whichever company can provide water and guarantee the water supply be given the entire area. In my particular situation, I would hook up to any water available, immediately.

I have had a discussion with a representative of United Water about water service in this area and was told that the reason that water had not been brought in was the lack of the water supply, if this is the case, I am curious how United Water can furnish water to the several new subdivisions that are being constructed both on Bogart Lane and Duncan Street and still anticipate accommodating the water requirements in this area. I would assume that the PUC has been given some assurances from both companies regarding their ability to supply water to this area.

If this area is split between Eagle Water and United Water is there a proposed time frame after the final decision as to when water will be available? Again I must stress that this could become a critical problem in the near future and anything that can be done to expedite the availability of water would be greatly appreciated.

Thank You,
Jesse W. Smith, J.
