IDAHO PUBLIC UTILITIES COMMISSION

Idaho Public Utilities

Attn: Barbara Barrows

As a customer of the Island Park Water Co. and since it is not possible to attend the meeting on Tuesday, June 10th 08 at Ponds Lodge, I find it necessary to respond to the increase from \$125.00 to \$280.00 per yr.

At this time when a lot of us senior citizens are finding it hard to get by, I feel that an increase of this extreme amount is totally unwarranted, and unacceptable.

I hope this situation can be resolved fairly, and with-in reason.

Sincerely yours,
Patricia Weimann

Please describe your comment briefly:

I'm only in Island Park, at our camp, about 2 months a year in the summer. At least once a week for 4 to 6 hours we are without water with no notification at all. I have been told by full time residents they have been without water for weeks at a time during the winter. I feel that meters should be installed and we pay for what we use. I think a 124% increase is too high. When you call this company to complain about the water being off, they do not seem to care about your problem at all. Thank you for listening. John R Young
