Case # MR V-G-09-01
6-23-09

Dear Sirs;

This is in response to a meeting in the Bigby Library concerning Nolan's meeting & morning view water. If you have & you had for years & you & Nolan's kids & manipulations about your water & stay. We do not want a 25% increase from here's it is simply not fair.

We have been paying extra on our water bill for years to pay for these things "contingency fund". But the choice to spend elsewhere may be elsewhere & I am in our 70's & thought we had

our dream home so far except for 4 plan & the water we have for 13 years. We don't have a computer & hope you won't dismiss this letter which is an outdated form of communication. We hope you will take legal action & straighten out this water system for the good of the people who have honestly paid extra just for this.

I thank you for reading this & we take praying for a successful outcome. Thank you & God Bless

Please describe your comment briefly:

I received a newsletter from CCMV Homeowners Association stating that Nolan Gneiting is asking for another rate increase on our water. We already had a rate increase in 2008. This is getting to be a hardship especially in these hard economic times. So I wish to lodge a complaint on this matter.
