**IDAHO SPRINGS WATER COMPANY, INC. NOTICE OF FILING
OF APPLICATION FOR FILING A CERTIFICATE OF PUBLIC
CONVENIENCE AND NECESSITY AND TO ESTABLISH RATES
FOR WATER SERVICE**

Idaho Springs Water Company ("Company") filed an application with the Idaho Public Utilities Commission ("Commission") on February 5, 2008, Case No. ISW-W-08-01, requesting that the Commission grant it a Certificate of Public Convenience and Necessity under its authorities and to establish interim and permanent rates and charges for water service.

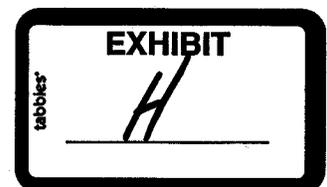

In the event the Commission grants the Company a Certificate of Public Convenience and Necessity it will become regulated by the Commission as a public utility and be required to comply with its authorities, including its Utility Customer Relations Rules which can be found on the Commission's website. <http://www.puc.state.id.us/Rules.htm>. Include with this filing is a summary of the rules and regulations which the Company proposes will govern its operations as a public utility.

In its Application, the Company requests authority to charge the fees for water service contained in the attached **Exhibit A** on an interim basis. As stated therein the Company wishes to continue to charge a monthly \$50.00 flat fee to residential customers for water service and a \$25.00 flat fee for connections where construction on residential dwellings is occurring but where no one is residing in said dwelling. The Company also requests interim authorization to charge a first time connection fee of \$2,500.00 and reconnection fees of \$35.00 during office hours Monday thru Friday 8:00 a.m. to 5:00 p.m. and \$70.00 after office hours. The Company has requested that the Commission allow it to charge these fees for water service pending its final decision on what rates for water service should be set at for the Company's customers. The Company intends to propose rates and charges for residential customers based upon a combination of a fixed monthly customer charge and a variable charge based on consumptive use as measured by individual water meters. The Company roughly estimates that if the Commission ultimately approves the rates it will propose shortly a residential customer's monthly bill for water service will be between \$50.00 and \$100.00.

The proposed rates are necessary so that the Company can recover its costs and provide it with an opportunity to earn a return on its investments in water facilities which are providing service to customers. This is necessary for the Company to maintain a sound financial position so that it can provide safe and reliable service.

The request for a Certificate of Public Convenience and Necessity, request to establish interim and rates and charges for water service and request to establish final rates and charges for water service are proposals subject to public review and a Commission decision, which it may accept, modify or reject, in whole or in part, the proposed increases. A copy of the Application is on file and available for inspection at the Idaho Public Utilities Commission, 472 W. Washington Street, Boise, Idaho, and the Company's offices located at 660 E. Franklin Road, Suite 240, Meridian, Idaho 83642. The Application is also available on-line at the Commission's website: <http://www.puc.state.id.us/FILEROOM/water/water.htm>.

You can also file a comment on the Application via the Commission's website at: <http://www.puc.state.id.us/scripts/polyform.dll/ipuc>. Additionally, you can mail comments to:

Account Balance \$ _____

You were recently notified that you are delinquent in the payment of charges for Water Service provided by Idaho Springs Water Company, Inc. The balance of your account according to our records, is indicated above.

In accordance with the rules and regulations of the Idaho Public Utilities Commission, if this balance is not paid or if payment arrangements are not made by the Final Date shown above, then **YOUR WATER SERVICE WILL BE DISCONNECTED after the Final Date.**

To avoid termination you must contact Idaho Springs Water Company, Inc. before the Final Date to make a payment arrangement or pay in full. **Please call on weekdays between 8:00 am and 5:00 pm. The office is open on all weekdays except for any of the following holidays which may fall on a weekday: New Years Day, Memorial Day, 4th of July, Labor Day, Thanksgiving and the day after and Christmas Day.**

Termination may be delayed by:

1. Providing a medical certificate advising us of the existence of a Medical Emergency.
2. Filing a complaint regarding the proposed termination with the Idaho Public Utilities Commission, PO Box 83720, Boise, Idaho 83720-0074, (800) 432-0369. Service will not be terminated prior to resolution of a filed complaint.

Termination of service in no way relieves you of your obligation to pay for all services prior to termination.

Should service be terminated, a charge for restoration of service (**\$35.00 during office hours 8:00 am to 5:00 pm, Monday thru Friday (subject to the holiday closings disclosed above), \$70.00 at all other times**) must be paid, plus the account balance prior to restoration of service.

Idaho Springs Company, Inc. will, one time, assist you by making payment arrangements not requiring immediate payment in full, if you contact us prior to the Final Date to arrange such a payment plan.

Remember, your water will be turned off after the Final Date unless you act before the Final Date.

**SUMMARY OF RULES AND REGULATIONS
OF THE IDAHO PUBLIC UTILITIES COMMISSION
GOVERNING CUSTOMER RELATIONS OF
NATURAL GAS, ELECTRIC AND WATER PUBLIC UTILITIES**

A utility may terminate service to a customer without his/her permission after adequate notice for the following reasons:

1. Failure to pay an undisputed past due bill, or written or electronic payment drawn on an account with insufficient funds.
2. Failure to make security deposit where it is required.
3. Failure to abide by terms of a payment arrangement.
4. Customer or applicant misrepresented their identity for the purpose of obtaining utility service.
5. Customer or applicant denied or prevented the utility's access to the meter.
6. Willful waste of service through improper equipment or otherwise.
7. Customer or applicant is a minor not competent to contract as defined by Idaho Code.
8. Customer or applicant owes money on an existing or previous account.

A utility may deny or terminate service without prior notice to the customer or applicant and without his/her permission for one or more of the following reasons:

1. A situation exists that is immediately dangerous to life, physical safety or property.
2. The utility is ordered to terminate service by any court, the Commission or other duly authorized public authority.
3. The service is obtained, diverted or used without the authorization or knowledge of the utility.
4. The utility has attempted to notify the customer of termination, but has been unable to make contact.

NOTIFICATION

1. A billing may be considered past due fifteen (15) days after the billing date. A written notice of termination must be mailed at least seven (7) days before the proposed termination date.
2. At least twenty-four (24) hours before the service is terminated, another attempt shall be made to contact the customer in person or by telephone.
3. If service is not terminated within twenty-one (21) calendar days after the proposed termination date, another seven (7) day and twenty-four (24) hour notice is required.
4. No additional notice is required if upon receipt of a termination notice the customer makes a payment arrangement and fails to keep it or tenders a written or electronic payment drawn on an account with insufficient funds.

WHEN TERMINATION NOT ALLOWED

1. The past due billing is less than \$50 or two (2) months of service, whichever is less.
2. The unpaid billing is for service to another customer.
3. The unpaid bill results for the purchase of non-utility goods or services.
4. Terminations are not allowed on weekends or legal holidays.

MEDICAL EMERGENCY

1. If the customer or a member of the customer's family is seriously ill or has a medical emergency, the utility will postpone termination of service for thirty (30) days if a written certificate signed by a licensed physician or public health official is received.

An informal or formal complaint concerning the termination may be filed directly with the utility. If the customer is dissatisfied with the proposed resolution of the complaint, they may contact the Idaho Public Utilities Commission, P. O. Box 83720, Boise, ID 83720-0074. Toll free 1-800-432-0369 or on the web site: www.puc.state.id.us.

- 3.4 Special contracts may be required where large investments in special facilities are necessary to provide the requested service. The Company may require contribution toward such investment and establish such minimum charges as are deemed necessary. All such contracts are subject to the approval of the Commission.
- 3.5 The Company reserves the right to place limitations on the amount and character of water service it will supply and to refuse service to new Customers if, in its opinion:
- (a) The Company is required to refuse or limit service by regulatory authorities having jurisdiction over the Company.
 - (b) The requested service installation is of larger size than is necessary to properly serve the premises.
 - (c) The permanency of the building, structure, or institution requested to be served is such that the Company's investment in such service is jeopardized.
 - (d) The depth of the Customer's service line is less than the minimum depth required for frost protection.
 - (e) The Customer's proposed service, main or other appurtenance does not conform to good engineering design or meet the standard specifications of the Company.

(f) The Customer refuses to agree to abide by the Rules and Regulations of the Company.

If the Company denies service to a potential Customer for any reason, it will immediately provide the applicant with a written explanation of its decision in accordance with UCRR.

4. DEPOSITS

4.1 Rules and Regulations regarding deposits to guarantee payment of bills can be found in Rules 101-109 UCRR.

5. RATES

5.1 Rates charged for water service and supply shall be those published in the Company's tariff and approved by the Idaho Public Utilities Commission.

6. BILLING AND PAYMENT

6.1 All Customers will be billed on a regular basis as identified on the applicable rate schedule.

- 6.2 If the system is metered, the Company shall try to read the meters prior to each billing unless specified differently on the applicable rate schedule. If the Company's meter reader is unable to gain access to the premises to read the meter, or in the event the meter fails to register, the Company may estimate the Customer's water consumption for the current billing period based on known consumption for a prior similar period or average of several periods. Subsequent readings will automatically adjust for differences between estimated and actual. Estimated bills shall carry appropriate notice to that effect.
- 6.3 All bills shall clearly indicate the balance due and shall be due and payable no less than 15 days after the date rendered. All bills not paid by due date shall be considered delinquent and service may be disconnected subject to the provisions of UCRR.
- 6.4 The minimum bill or customer charge shall apply when service is provided for less than one month.
- 6.5 Owners of premises with one or more condominiums, buildings, stores, apartments or any other divisions of like or similar character, all of which are served from one (1) service connection are responsible for the entire water charges. If the owner desires to cease being responsible for water bills for such places and desires that the occupant of each division shall be responsible for her or her respective bill, such transfer of responsibility will not be accepted or recognized by the Company until the plumbing

arrangements of the building or premises are so changed by the owner or his or her agent as to permit the Company, to its satisfaction, to serve each division or occupant separately from the other occupants in the same building.

6.6 Accounts will be continued and water bills rendered regularly until the Company has been duly notified to discontinue service.

7. **METERING (If Applicable)**

7.1 Meters will be installed by the Company near the Customer's property line or at any other reasonable location on the Customer's premises that is mutually agreed upon.

7.2 The Company's representative shall be given access to the Customer's premises at all reasonable hours for the purpose of obtaining meter readings. In the event of recurring inaccessibility, the Company, at its option, may relocate its metering equipment at the Customer's expense.

7.3 The Company is responsible for the maintenance of its metering equipment. Meters are considered to be sufficiently accurate if tests indicate that meter accuracy is within ± 2 percent. When for any reason a meter fails to register within these limits of accuracy, the Customer's use of water will be estimated on the basis of available data and charges will be adjusted accordingly. Corrected bills will then be sent out to the customer and additional payment or refund arrangements made in accordance with UCRR.

- 7.4 The Company reserves the right to test and/or replace any meter. Upon deposit of a "Meter Testing Fee" by a Customer, the Company will test the Customer's meter. If the test indicates that the meter over-registers by more than 2 percent, it will be replaced with an accurate meter at no cost to the Customer and the "Meter Testing Fee" will be refunded and water bills will be adjusted in accordance with UCRR.
- 7.5 At the Company's discretion, unmetered Customers may be converted to metered service if such transition occurs in a planned, systematic manner without unreasonable discriminations and if the Company has an approved metered rate.
- 7.6 The Company shall have the right to set meters or other devices without notice to the Customer for the detection and prevention of fraud.
- 7.7 In any building where the meter is to be installed in the basement, the incoming water pipe must enter the basement at least sixteen (16) inches from the riser in order that a meter can be set in a horizontal position in the basement. All pipes to the different parts of the building or grounds must lead from the riser at least one (1) foot above the elbow.

8. CUSTOMER PLUMBING AND APPLIANCES

- 8.1 All plumbing, piping, fixtures and appliances on the Customer's side of the service connection shall be installed and maintained under the responsibility and at the expense of the Customer or owner of the premises.
- 8.2 The plumbing, piping, fixtures and appliances shall be maintained in conformity with all municipal, state and federal requirements. The nature and condition of this plumbing, piping and equipment shall be such as not to endanger life or property, interfere with service to other Customers or permit those with metered services to divert system water without meter registration.
- 8.3 A stop-and-waste valve must be installed on the Customer's plumbing in a place always accessible and so located as to permit shutting off the water for the entire premises with the least possible delay.
- 8.4 All persons having boilers, water tanks or other equipment supplied by direct pressure from the Company's mains should install a pressure relief valve, or other device to serve the same purpose, so as to prevent excess pressure from forcing hot water and/or steam back into the water meter and mains of the Company. All damage to the Company's property resulting from failure to properly equip Customer plumbing with a relief valve shall be billed to the Customer.

- 8.5 The Company is not obligated to perform any service whatever in locating leaks or other trouble with the customer's piping.
- 8.6 When the premises served by the Company is also served in any manner from another water supply of any kind, an approved backflow prevention device shall be installed at the service connection. Water service for either stand-by or other purposes will not be furnished until piping and connections are inspected and approved by a representative of the Company.
- 8.7 Property owners will not be allowed to connect the water service of different properties together.
- 8.8 All of the Customer's service pipes and fixtures must be kept in repair and protected from freezing at his or her expense. When there are leaking or defective pipes or fixtures, the water may be turned off at the option of the Company until the proper repairs are made.

9. INSTALLATION OF SERVICE CONNECTIONS

- 9.1 The service connection is the property of the Company and as such; the Company is responsible for its installation and maintenance. It consists of piping, curbstop and valve or meter box and a meter, if the system is metered. The service connection transmits water from the Company's water main to a valve or meter box generally located near the Customer's property line. All piping, valves or appliances beyond this point are the property and responsibility of the Customer.

10. REPLACEMENT OR ENLARGEMENT OF SERVICE CONNECTION

10.1 Unless otherwise provided herein, the Company shall replace or enlarge service connections at its own expense, as follows:

- (a) Whenever it is necessary to change the location of any service connection due to relocation or abandonment of the Company's mains; and
- (b) For commercial or industrial services where the type or volume of use has changed and the enlargement will result in sufficient increase in annual revenue to justify the enlargement.

10.2 The relocation, enlargement or reduction of service connections for the convenience of the Customer will be at the expense of the Customer. Prior to such relocation, enlargement or reduction, the Customer will deposit the estimated cost thereof with the Company. Within fifteen (15) days a refund will be made to the Customer in the amount by which the estimated cost exceeds the actual cost. The amount by which the actual cost exceeds the estimated cost shall be due and payable within fifteen (15) days after billing for such deficiency.

10.3 Enlargement of any service connection will be made only after such time as the Customer's plumbing inside his or her premises shall have been enlarged sufficiently to accommodate the additional capacity.

11. DISCONNECTION AND RECONNECTION OF SERVICE

11.1 When a Customer desires to discontinue service he shall give notice to the Company at least two (2) days in advance and shall be responsible for all water consumed for the two (2) days after the date of such notice.

11.2 The Company may discontinue a Customer's service on an involuntary basis only in accordance with UCRR.

11.3 When it becomes necessary for the Company to involuntarily discontinue water service to a Customer, service will be reconnected only after all bills for service then due have been paid or satisfactory payment arrangements have been made.

11.4 A reconnection fee will be charged each time a Customer is disconnected, either voluntarily or involuntarily, and reconnected at the same premises. The reconnection fee shall be paid before service is restored. Reconnection fees will not be charged for any situation or circumstance in which the Customer's water supply is disconnected by the Company for its convenience.

11.5 The Company reserves the right at any time, upon notice, to shut off the water for maintenance or expansion and, in emergencies, may do so without notice. The Company shall at all times use reasonable diligence and care to prevent interruption of said water service.
