---

On January 13, 2010, Murray Water Works Systems ("Murray" or "Company") filed an Application requesting authority from the Commission to increase its rates and charges for water service. The Application did not include an effective date for the proposed increase in rates and charges.

The Company's Application states that certain capital improvements (e.g., new water meters) are needed in order to isolate water leakage and control summer water usage. The Company claims that a general increase in rates and charges is needed in order to invest in machinery and maintain the system. Murray estimates that it has invested \$15,000 and 360 hours of labor installing a new water main through the town of Murray, Idaho (located approximately 72 miles east of Coeur d'Alene, Idaho).

On February 25, 2010, the Commission issued a Notice of Application and Notice of Modified Procedure establishing a 60-day comment period. Subsequently, the Commission extended the comment period until June 15, 2010. *See* Order No. 31065. On April 13, 2010, Staff conducted a public workshop in Murray, Idaho regarding the Company's filing.

On June 15, 2010, Staff submitted written comments regarding Murray's Application. The Commission also received six separate comments from Murray's residential and business customers.

**NOTICE OF TELEPHONIC HEARING**

YOU ARE HEREBY NOTIFIED that the Commission will hold a **telephonic hearing** in this matter on **THURSDAY, AUGUST 12, 2010, IN BOISE, IDAHO AT 7:30 P.M.
