

PTE-W-03-01

To Commission, March, 30, 02
In regard to your last information re
case no PTE W-03-1
R.C. Cobett, Kandersoda Water.

This will never end he will continue to
do as he pleases. He is a man of
rudeless means, his employee is the
same.

The commission should seek imposition
of the civil rights we the people have.
This has been going on for years.
He always said he was above the law.
The commissioners rates are too high.
You met him 'k way to shut him up.
You thought you would oppress him,
you can't oppress RC. He has
scammed so ^{many} people here he doesn't
wont anyone to know all hes done.
I feel you as well as Bonner County
are at fault for letting him go on.
The fact is he needs to be put in his
place.

On the rates no matter what he gets
he wouldn't be happy.

The commission must stop him,
he has controlled this forever.
and think of it still in control.
The next step he'll shut the system
down.

He doesn't care! He is not going to
listen. As prior my late charges:
I pay 260⁰⁰ in late fees. Your com.
couldn't figure it out either!

Quit babysitting him, he needs to go.
and his co-parents fair pay.

Take over the system, or our civil rights
are violated. (over)(over).

We will take legal action.
