IDAHO PUBLIC  
UTILITIES COMMISSION

***SUBJECT MEMO: Reply to the Supplemental comments of the Commission Staff.***

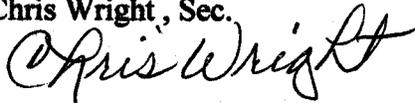

In reply to your comments we feel that the nine ( 5 + 4 ) EICAP homes that are not completed will be at least 1 year before they are occupied. In that time we will fall short in payment of \$3,591.00. We suggest a increase from \$ 33.25 to \$35.00 a month that would be \$1.75 increase each month. By adding \$ 1.75 each month for the next 3 years on 55 homes we would recover \$ 3,465.00. With the way the economy is today we can not be sure that all the EICAP homes will be occupied in one year.

Your consideration would be greatly appreciated.

Jim Bernard, Manager

Chris Wright, Sec.
