Comment: We are pleased with the value received for our water, we think the price is fair, we always have clean, pure, the best drinking water around, we take it in jugs to our lake cabin on Hayden Lake where the water is not drinkable. Mel and Marsha Bailey are good neighbors, a valuable part of the Schweitzer community, having the water system run by residents of the mountain who care is wonderful, they respond immediately to any problems, we see them out walking the roads and looking for any areas of trouble, spray painting the water mains, they take personal care of their customers. Please continue their water system! We have been residents since the 1980's and want to see Schweitzer Basin Water LLC continue in the future.
