Name of Utility Company: Schweitzer Basin Water LLC Acknowledge public record: True

Comment: We have been members of the Schweitzer Mountain community for the past 30 years. During that time we have owned a duplex and over the past 21 years have lived in a log home which we built.

During that time our homes were serviced by the Schweitzer Basin Water Company. We have been impressed by the superior water service that we have received for a mountain environment. Schweitzer Mountain can experience temperature variations during the year of 100F degrees. Throughout that period we have grown to not only expect but received high quality, dependable water service.

Mel Bailey and Marsha Bell, not only because of their engineering expertise, but also their dedication and quick responsiveness to the needs of the community, are to be applauded. We believe the cost of water service provided by the Schweitzer Basin Water Company in such a harsh environment is truly a great value to the Schweitzer community.

Sincerely,  
Fred and Karen Hollon
