Dear Mr. Hecht,

I am writing to express my satisfaction with the Schweitzer Basin Water LLC. We have been property owners at Schweitzer Mountain for over ten years and the water system seems to be very reliable and of high quality. I can only think of one time we had an outage while we were there and they had their crews out a fixed the problem quickly.

I believe their rates are very fair for the service and quality of the water. We actually much prefer the taste of our Schweitzer water to what we have at our main residence in Hayden Lake. I would hope SBWLLC will be providing us with service for many years to come.

Sincerely,

Mike Overby
