A Comment from Wendy Morey follows:

Case Number: SPL-W-06-01
Name: Wendy Morey
Address: 15795 W. Coeur d'Alene Dr.
City: Spirit Lake
State: Idaho
Zip: 83869
Home Telephone: (208) 623-2837
Contact E-Mail: wendymorey1@verizon.net
Name of Utility Company: Spirit Lake East Water Company
Add to Mailing List: yes

Please describe your question or comment briefly:
Hansen Industries have neglected the water system, resulting in the whole community of Spirit Lake East not having any water at all for several days, two times since we've lived here, and after we got the water back we had to boil it for a period of time, but we weren't informed about it 'till several days later. Now they want to raise our rates to pay for they're mistakes. I don't think that's right. I would like to request a public hearing.

Add to Mailing List: yes

Please describe your question or comment briefly:
I have lived in Spirit Lake for the past 12 years, we have had no maintenance on the water system; except in 2004 when the pump burned out, we were out of water for almost 2 weeks. They replaced the pump repaired the reservoir, they also installed a generator, but the generator only runs the transfer pump not the well pump. In Dec. 2006 we lost power at 11:00 pm and had no water by 7:00 am the next morning and was without water for the next 3 days.

I have a question, how could you use a reservoir of water when everybody is in bed and usage is at a minimum? Also we were notified ONE WEEK later not to drink the water without boiling, because it might cause Escherichia Coli.

I feel, we the consumers of Spirit Lake East Water Co, have a hearing with the PUC Commissioners before any dedision can be made on rate increase.

Sincerely,

Ralph W. Smith

Add to Mailing List: yes

Please describe your question or comment briefly:
I concur with the proposed filing for a rate increase only if:

1. The Spirit Lake East Water Co. places a generator to provide water during power outages. That means a generator that will pump water from the aquifer to the holding tank. I have been without water on two occasions since October of 2004, once for five (5) days, and another time for Three (3) days.
2. That there is a reserve fund to accommodate emergency needs.

Please describe your question or comment briefly:
I request a public hearing regarding the rate increase of 100% on our water bills. If the rate HAS to go up, it should be done in small increments not 100% all at once!!!!
