Please describe your question or comment briefly:

We have just been advised that not one of the commissioners will be attending the hearing concerning Spirit Lake East Water company. We are respectfully requesting that at least one of the commissioners attend as we feel strongly they need to hear personally the concerns of this community regarding our water service. In securing the petition that was sent to the PUC we informed the concerned petitioners we hoped that at least one commissioner would be in attendance to hear the issues before a rate increase was granted.
