Recurring Charges:

\$12.50 minimum monthly charge

\$.12 for each 100 additional gallons after 9,000 gallons

Note: Meter Readings will be done at the end of a quarterly billing cycle, beginning January 1, except when conditions make the meters inaccessible. In the event the Company cannot read a customer's meter for a billing period the customer will only be billed the minimum monthly charges as set forth above. The first quarterly reading after the billing period the Company aggregates the 9,000 gallon monthly allowance for each month that no meter reading is taken and bills for all usage exceeding the total aggregated allowance. If, for example, the customer has used more than 54,000 gallons over two quarters (9,000 gallons x 6 = 54,000), he or she will be billed for usage exceeding 54,000 gallons in the first bill issued after a meter reading is taken.
