IDAHO PUBLIC UTILITIES COMMISSION
Approved **Effective**
Dec. 16, 2013 **Nov. 1, 2013**
Jean D. Jewell Secretary

Recurring Charges:

\$25.55 minimum monthly charge; no additional charge for usage of 8,000 gallons / 10.7 CCF or less per month

\$ 2.33 for each 1,000 additional gallons over 8,000 gallons for customers with usage measured in gallons

\$ 1.74 for each 1.0 CCF over 10.7 CCF for customers with usage measured in cubic feet

(CCF = 100 cubic feet; 1 CCF = 748 gallons)

Meter readings will be done at the end of each month, except when conditions make the meters inaccessible. In the event the Company cannot read a customer's meter for a billing period, the customer will only be billed the minimum monthly charge as set forth above. The Company aggregates the 8,000 gallon / 10.7 CCF monthly allowance for each month that no meter reading is taken and bills for all usage exceeding the total aggregated allowance on the next bill issued after a meter reading is taken.

Example: If the customer has used more than the monthly allowance (8,000 gallons or 10.7 CCF) over a six (6) month winter period when no meters can be read, he or she will be billed for usage exceeding the aggregated monthly allowance (48,000 gallons or 64.2 CCF) on the first bill issued after a meter reading is taken.
