re: Eagle Water Company and Suez.
January 23, 2019

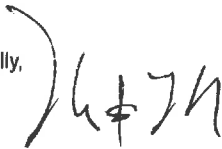

We are Eagle residents and customers of Eagle Water Company. We are writing you to encourage you to deny the request of SUEZ / UNITED WATER to acquire yet another locally owned and operated water system in the state of Idaho.

SUEZ / UNITED WATER, a multi national corporation based in Paris, France, is one of the largest water systems companies in the world, controlling, along with VIVENDI, approximately 70% of the worlds existing water service market. As such they are purposely and aggressively purchasing water rights and systems all over the globe. At the same time they have a track record of dissatisfaction and complaints with their customers. For them water becomes a commodity to be exploited for corporate and shareholder profit instead of the necessary resource for life on earth.

Lets prevent Eagle, Idaho from becoming one more victim of global greed and monopolizing this precious and fundamental resource that is our water. Can we find avenues for preserving our heritage by keeping this resource in the hands of responsible, local persons and / or municipalities? What happens to this clean and pure source of local water will determine the future and further growth of Eagle.

Thank you for giving us a platform to express our concerns in this matter.

Respectfully,

Marc & Mary Heuer

Diane Holt

Comment: I am a resident of Eagle residing within the area of impact for this sale--I'm currently a customer of Eagle Water Co.

I would really like to see the first right of refusal in the previous contract with the city of Eagle be honored--I do not want our water privatized. As a previous customer of Suez Water, I know how callously they deal with customers and how purely financially motivated their interests are.

I believe the legal option to purchase belongs with the city, and I believe that option is in the best interest of the citizens of this city. Many thanks for your consideration.

Comment: I strongly object to allowing Suez Water to purchase Eagle Water Company.

In order for the IPUC to hear and understand the concerns of the customers of Eagle Water Company, I request the IPUC hold hearings on this case in the city of Eagle, Idaho.
