Comment: I feel that the city of Eagle should purchase the water company . Hold a bond election to ensure purchase funds so the city of Eagle is not held hostage to any outside entry.
Also the horrific places that are to be levied on the people is out rages . I think you should also consider the age of many senior citizens that wouldn't be able to forward water at all

Comment: I don't want anyone having monopoly power over my water, including the City of Eagle. Does our HOA contract with Suez and can they be dropped for someone else to manage? I understand utilities having right of way, water rights, etc, but competition can still be established.
