Name of Utility Company: Eagle Water

Comment: I am very concerned about the impact of the quality of water and pricing of water if SUEZ purchases Eagle Water. I had a home in the Corrente Bello Subdivision where SUEZ is the water provider. I can say first hand the water quality of SUEZ was terrible. Our TAP water was undrinkable as it had a poor taste and all my water fixtures had excessive build up due to iron and calcium. My only recourse was to install a water softener for the house and a separate filter for drinking water. Not to say the cost was at least 3 to 4 times more expensive than Eagle water. I am extremely unhappy to find that very soon I will have poor water quality (as I did when I used SUEZ in the past) at a much higher cost. This is not Progress. Just my comments.

Comment: I am opposed to the sale of Eagle Water to Suez based on the massive proposed rate increase, the co mingling of water and chemicals being added.

Comment: I am highly opposed to the sale of Eagle Water Company. A sale would result in zero benefits for us, the residents of Eagle, Idaho. A sale would result in substantial detriments for us as residents of Eagle, Idaho. We would lose local control and local service. We are assured of increased rates. Any purchaser of Eagle Water can have only profit motives and frankly zero concern for the welfare of us, the residents of Eagle. I am highly opposed to this sale.

Comment: Regarding the recent IPUC filing by Suez Water purchase of Eagle Water Company: I am a homeowner living in an Eagle subdivision for the past 18 yrs. I do not believe that our Eagle Water Co. should be sold to Suez, For the following reason: certain Suez employees conduct themselves with little to no integrity as I have personally experienced. Suez is a multi national corporation that does not need to own the rights to our water and its uses, Furthermore, our clean well water will be standardized with their systems, mixed with groundwater and added chemicals. The rates for water will increase exponentially and make it difficult for homeowners to afford. Please do not allow Suez to acquire Eagle Water Co., Thank you.
