click on "comments & questions."

This merger will benefit all connected. HVR customers will benefit greatly with better trained & qualified maintenance crew. All surcharge monies will ^{be} used for paying back the loan instead of some placed into general funds used to pay for salaries & other expenses. Stoneridge will have a greater number of households to participate in operations and expenses which could possibly even bring down the users monthly rates.

Also much better quality water and those using special water filters at sink faucets may not need them any more thus saving monies.

Yes, PLEASE allow us to connect with Stoneridge. We NEED your service.
