Re: United Water—Terra Grande

Dear Ms. Jewell:

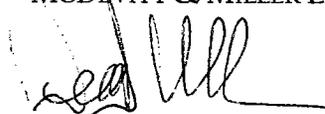

As indicated by the attached correspondence, this is to advise that the conveyance of the Terra Grande water system to United Water has fully closed and United Water has assumed operation of the system.

Accordingly, Terra Grande's certificate of public convenience and necessity No. 429 may be cancelled.

Upon investigation, United Water has determined that the area served by the Terra Grande system is already described in United Water's certificate of convenience and necessity and it is thus not necessary to amend United Water's certificate to include the area.

Very Truly Yours,

MCDEVITT & MILLER LLP
