Company: Terra Grande Water

mailing_list_yes_no: yes

Comment_description: Regarding Terra Grande asking for the residents to pay for the costs of water use from United Water. I think that is not fair to us . It was not our fault the water was contaminated. This area is not a rich area that we can afford any big changes in costs. There are a lot of people in this area that are on fixed incomes and can't afford to have the water rates change. I don't feel that we should bear the cost of the problem when we are the ones that have suffered from being exposed to this problem. Please keep us informed other than the paper, since we don't receive the paper on a regular basis. My neighbor just happened to let me know or I wouldn't have had the opportunity to comment. Thank you. P.S. We were not supplied with bottled water, we had to buy our own at a discount. Which we were told we would be reimbursed for on our next water bill. We were not.
