Comment\_description: Two issues not discussed in this case and Commission ORDER No29735 need clarification to protect this subdivision homeowners. This is due to neglect and severely deteriorated water pipes owned by Terra Grand Waters. This was discovered during the installation of the new sewer system.

1. A form of payment for water by Terra Grand Water when their water pipes rupture. Not to be part of the payment by the homeowners.
2. When and if United Water takes over Terra Grand Water system, that United Water assumes full responsibility for all pipes etc. belonging to Terra Grand Water and any issue concerning the water systems reconstruction be strictly between United Water and Terra Grand water.
