## RATE SCHEDULE NO. 2 NON-RECURRING CHARGES

Hook up Fee: \$458.00

A Hook up Fee applies when the Company must install a new service connection in order to provide water to a new customer.

Account Initiation Fee: \$10.00

An Account Initiation Fee applies when a new account is established and, if necessary service is turned on.

Reconnection Charge:

\$20.00 - when reconnection is requested during normal business hours

\$40.00 - when reconnection is requested for other than normal business hours

A reconnection charge will be assessed to any customer who requests reconnection of service after being involuntarily disconnected by the Company for any reason allowed by the UCRR. Charges do not apply when a customer was involuntarily disconnected for the convenience of the Company. For purposes of reconnection, normal business hours are defined as between 8:00 AM to 5:00 PM Monday through Friday, excluding holidays.

Late Payment Charge: One percent (1%) of the past due balance owing at the time of the next billing.

Returned Check Fee: \$20.00

A returned check fee will be assessed in the event a customer's check is returned to the Company for any reason.

## 6. BILLING AND PAYMENT

- 6.1 All Customers shall be billed bi-monthly as identified on the applicable rate schedule.
- 6.2 The Company reads meters four times a year, in April, June, August and October. The accumulated usage for the six month period from November through April is shown on the April billing statement. Usage exceeding the water allowance is also shown on the bill.
- If the Company is unable to read a meter from April through October because access to the meter is restricted, or in the event a meter fails to register, the Company may estimate the customer's water consumption for the current billing period based on known consumption for a prior similar period or average of several periods. Subsequent readings will automatically adjust for differences between estimated and actual consumption. Bills based on estimated consumption shall be clearly marked as "estimated".
- 6.3 All bills shall clearly indicate the balance due, and are due and payable twenty (20) days after the date rendered. All bills not paid by the due date may be considered delinquent and service may be disconnected subject to the provisions of the UCRR.
- 6.4 A Late Payment Charge may be levied against any delinquent account. All payments received by the next billing date shall be applied to the Customer's account prior to calculating the Late Payment Charge.
- 6.5 When service is provided for less than the total number of days in the billing period, the Customer Charge shall be pro-rated based on actual days of service.
- 6.6 Owners of premises with one or more condominiums, buildings, stores, apartments or any other divisions of like or similar character, all of which are served from one (1) service connection are responsible for the entire water charges. If the owner desires to cease being responsible for water bills for such places and desires that the occupant of each division will be responsible for her or her respective bill, such transfer of responsibility will not be accepted or recognized by the Company until the plumbing arrangements of the building or premises are so changed by the owner or his or her agent as to permit the Company, to its satisfaction, to serve each division or occupant separately from the other occupants in the same building.
- 6.7 Accounts shall be continued and water bills rendered regularly until the Company has been duly notified to discontinue service.
