Name of Utility Company: troy hoffman water corp Acknowledge public record: True

Comment: again troy hoffman is asking for rate increase. 2011 they got one which was a big jump. now they want another one which raise the rates almost \$8 a month. i realize companies need to make a profit but did they look at the company before they bought it. if it was in as bad as shape as they say why buy it. there are lots of retired people like me that don't get the raises like they are asking. my living expenses go up but i get no help. i think they should not get the increase as it's way out of line!
