Name of Utility Company: Teton Springs Water and Sewer Add to Mailing List: no

Please describe your comment briefly:
I received information on a hearing regarding Teton Springs Water and Sewer being held on Nov 7th at which they make the argument that unimproved lots should pay water fees for water that they won't be using. I own lot 12-5 and I am opposed to this abuse.

Please describe your comment briefly:

I own unimproved lot 12-13 at Teton Springs. I understand now that Teton Springs Water and Sewer is attempting to charge a fee for water services on unimproved lots. They somehow have justified charging us for sewer fees for services that we don't receive, and I against any further charges for services that they do not render. I know of no other situation where I am charged for services that I do not benefit from.

Please describe your comment briefly:
I own an unimproved lot in Teton Springs. I understand that a public hearing will be occurring on Nov 7th. Amongst items up for discussion is whether or not unimproved lots can be charged a water fee - even though water is not available to them, and no water is being used. We do not support paying for a service that we don't have the benefit of or access to.
