Please describe your comment briefly:

What is the point of having a reserve if it is never to be used. This reserve fund will replenish over the course of time.

I am disappointed this PUC lets this company do it's own thing without regard to law. They raised the water turn/on turn off fee from 25.00 to 90.00 overnight with no application for the raise in price to the commission. This whole process seems to be a joke.
