**Re: Discontinuance of Eagle Water Supply to Countryside Estates (ref. IPUC case No. UWI-W-02-1)**

Dear Mr. De Shazo:

This letter is to inform you that United Water Idaho ("United") intends to cease purchasing water from Eagle Water ("Eagle") for service to Countryside Estates during the morning of Friday April 18, 2003. This is in accordance with Paragraph 2.e of the Stipulation and Settlement Agreement dated June 17, 2002 between United and Eagle. United now has the physical capability to provide service from its own sources of supply.

To accomplish this change in service, United intends to read all meters in Countryside Estates the morning of April 18, and then to immediately close the line valve which is located in the 12-inch main on Ballantyne Road just south of Countryside Estates.

As contemplated in Paragraph 1.g of the aforementioned Agreement, United requests that Eagle close its western-most valve in the main line in State Highway 44 east of Ballantyne, which currently provides water supply to Countryside Estates, at the same time United closes its valve, but not before.

United intends to pay for all water consumption in Countryside Estates up to April 18. We last read the meters on March 19 and will combine the billing from that read date and the April 18<sup>th</sup> date to calculate the total billing due Eagle. We will make payment within 15 days from the April 18 reading date. Please let me know if this is acceptable.

Thank You,

Gregory P. Wyatt
