CHILD; FOR AUTHORITY TO EXPAND)	
UNITED WATER IDAHO INC.'S)	
CERTIFICATE OF PUBLIC CONVENIENCE)	
AND NECESSITY NO. 143 AND FOR)	
APPROVAL OF RATES AND CHARGES)	

COMES NOW, United Water Idaho Inc., (“United,”) and submits the following supplemental information with respect to the Application previously filed herein:

I.

In paragraph VII of the Application United requested authorization to provide service to Terra Grande customers pursuant to United’s rules, regulations and tariffs.

As also stated in the Application, Terra Grande customers are currently un-metered and United proposes to promptly install meters and thereafter provide service at rates contained in United’s Schedule No. 1. However, there will be some period of transition until meters are actually installed. During this transition period, United proposes to provide service pursuant to

its Schedule 1E, "Flat Rate Service." Then, at such time as each customer is moved to metered service, Schedule No. 1 would be applicable to that customer.

II.

Attached to the Application are Exhibits Number 2 (Agreement for Purchase and Sale) and Exhibit Number 3 (Schedule of Tangible Personal Property). The Agreement for Purchase and sale includes an Exhibit A, which is also a Schedule of Tangible personal property that differs in some respects from Exhibit Number 2.

Exhibit Number 2 is the operative document. Exhibit A to the Purchase and Sale Agreement was prepared earlier in the negotiation process and is superceded by Exhibit Number 2, which was prepared after more complete information became available.

Respectfully submitted this 4 day of March, 2004.
