To ALL Idaho Public Utilities Commissioners;

I believe United Water's application for an overall increase in rates of 21.46% is outlandish. The 22.35% on residential customers is extreme! Why should established areas pay for new Columbia Water Treatment Plants. Those in older sections of Boise are tired of paying for expansions into newer sections. Projects for each area should pay for their own needs. Costs of everything keeps going up, except for my income. Cost of living raises and interests on investments lag far below taxing increases. Vote No on this request! Carmen Mayes

Comment_description: I would like to say enough is enough!!!! Ever since this company took over South County Water, we have had to let most of our trees, shrubs, and flowers and garden die. Now they want even more. My wife and I are both disabled and on a very limited income. I think this is rediculous! My son lives in AZ and he does not have to pay this much for water. Why do we? We even have to pay "cutomer charge" of almost \$15.00 with each billing. We implore you to listen to the people! Do not allow this increase PLEASE. Thank You,
Larry & Sue Cruse - Senior Citizens

IDAHO PUBLIC
UTILITIES COMMISSION

GENTS

The increase that UNITED
water has Applied For is
ridiculous, I wish we could
get a 21.46% Increase in
our income. For what we
pay For water in Boise, we
could put in our own well

Please do NOT give these
Money Hungry Asses the
Approval to rip us off, even
more then they already are!

Its to bad, more people don't
Complain, rather then roll over.
As they Feel you won't Stop
this crap!
