Company: United Water Idaho

mailing_list_yes_no: yes
Comment_description: This is a comment concerning United Water Idaho's request to the IPUC to increase the company's rates and charges.

The increase requested 17.91%, is too large and unfair to Idaho consumers. If you compare this to the CPI (Consumer Price Index) which is raising at approximate 2% per year, this is far to large of an increase. The argument provided by the company that the need to receive a return on it's investments cannot justify this large of an increase. If the company would request something such as twice (4%) or three (6%) times the CPI, it be more reasonable. IPUC, please do the right thing and reduce the amount requested by United Water of Idaho to a reasonable level, preferrably as stated above. The consumers of Idaho should not be punished by a company that cannot plan out a proper investment strategy for return.

Sincerely,

Greg Bergeson
