Home\_Telephone: 208-343-5944

E-Mail: storm\_180@msn.com

Company: United Water

Comment\_description: I am against the raise in the United water especially during the summer months which the water bill with people who water their lawn is simply too high of a cost. The current cost of water is already way to high it does not need to be any more.

Comment\_description: I oppose the 11% rate increase requested by United Water. As you are aware, property taxes have become an issue for many Boise residents and the water rate increase will cause hardship for many residents, as well. I know people who are on the Capital water system and have very minimal water bills, especially when compared to United Water. I think that United Water should look inside to see where they can make changes, instead of raising our rates. Thank you.

Comment\_description: I would like to comment on the rate hike by United water Idaho. I believe that the rates charged are adequate and believe that a rate hike would seriously hurt individuals/families on a limited income. I am a United water Idaho customer and use the water to irrigate my lawn, as I have no alternative method for irrigating. They have a summer rate hike, which is understandable, however, I do not believe that their customers should have to bear the burden of enlarging their company so they can make more money.

Comment\_description: It is unreasonable for an increase in water Prices to occur in 2006. I do not see the justification. I do not believe the claim "to cover improvements" holds water. If so, open the books completely to the public so we can inspect this thoroughly. If you are unwilling to open the books-then there is something to hide, and thus the need is not there. My bet is on incompetent managment.

Comment\_description: IT SEEMS TO ME THOSE WHO ARE CAUSING THE INCREASE IN UTILITY FEES SHOULD PAY FOR THE INCREASES. I HAVE LIVED IN BOISE MY WHOLE LIFE. I DIDN'T MOVE HERE RECENTLY. IT'S NOT ME CREATING THE NEED FOR IMPROVEMENTS AND CHANGES. LET THOSE WHO CREATE THE NEED, THE DEVELOPERS, BUILDERS, HOME BUYERS, ETC. PAY THE PRICE.

I REAP NO BENEFIT FROM THE CONTINUED GROWTH, YET I HAVE TO PAY FOR THE GROWTH, OVER AND OVER. ENOUGH IS ENOUGH.

Comment\_description: It is probably inevitable that the utilities are going to keep climbing. But it sure would help us all if United Water Idaho would PLEASE start billing monthly so it could be more affordable. I have heard that it would NOT cost them any more to change this in their billing system. And it sure would be nice to heard for once about this concern.

Comment\_description: If united water gets another increase the city of boise has once again helped United water rape us some more. I can't understand why people forced and I mean forced to use United water. We have to pay 300% or more than people under other water companies. Maybe United water needs to take a leason from the smaller companies.

Don't let United water do this to us again. I wish the city would dump them for another company. THEY ARE THIEFS.....

Comment\_description: This is a comment with regard to United water's proposed rate increase. I feel that this rate increase is completely unwarranted. First of all, I do not feel that residents living in older established neighborhoods should be subsidizing development without any of the benefits. For example, many of the new developments have pressurized irrigation being developed in which we are paying for and have no usage of. Further, I think that an increase of this magnitude is completely unnecessary, as they have recently received other rate increases. Overall, this kind of increase concerns me deeply, since I feel that it is not only discriminatory to those who are not gaining any new services from this increase, but it is also unwarranted due to the number of prior rate increases.

Comment\_description: I would like to comment on the water increase that will be happening tonight. I would like to not have an increase on our water. They already increased the heat, etc. Now they want more \$\$\$. A 2 or 3 percent increase is fine. But not 10%. You have to think of the elderly in the area & as well has the local economy. You aren't paying us enough for all of these increases you are wanting. Disapprove.

Comment\_description: As a customer of United water, what kind of agreement did the company agree too so as not to go with the 18% increase? And what did the state have to give up with a increase of 11% As a customer I will have to agree with the states settlement. I just wanted to find the details  
Thank You
