Name of Utility Company: United Water
Add to Mailing List: yes

Please describe your question or comment briefly:

All developers, Suncor/Avimor included, should be required to pay ALL water infrastructure expenses for their projects. This project is not in the best interest of the community and current UWC ratepayers, since in the end, Avimor will be reimbursed by UWC for all except the \$1.7 million for their Phase 1. The remaining \$6.3 million will be paid by UWC ratepayers! Developers must be required to demonstrate that adequate water supplies and infrastructure are available *without additional cost to current ratepayers*.
