YOU ARE HEREBY NOTIFIED that on January 31, 2007, United Water Idaho Inc. (United Water; Company) filed an Application with the Idaho Public Utilities Commission (Commission) requesting authority to amend and revise its Certificate of Public Convenience and Necessity No. 143, as amended, to include an area in Ada County, Idaho identified as Lanewood Estates. *Idaho Code* § 61-526; IDAPA 31.01.01.112. The proposed Lanewood Estates development lies adjacent to the City of Eagle, north of Floating Feather Road, south of Beacon Light and west of north Linder Road in Ada County. The Application of the Company includes a legal description and map of the Lanewood Estates area.

The developer of Lanewood Estates has requested that United Water extend water service facilities to the area and United Water has determined it has the capability to provide service. The proposed development is contiguous to United Water's existing service territory and the Company represents that it is capable of immediately extending service to the area by extending its existing main lines.

As represented in the Company's Application, the proposed development of Lanewood Estates is not within the authorized service territory of any other water utility under the jurisdiction of the Commission. Nor, it states, will it interfere with the operations of any such utility. United Water further contends that there are no other water providers with existing facilities in the vicinity of the Lanewood Estates area capable of providing service on the timetable requested by the developer. United Water submits that the extension into this area is

consistent with the public convenience and necessity. Water service facilities will be extended to the area pursuant to the Company's rules and regulations governing extensions.

YOU ARE FURTHER NOTIFIED that the Application and supporting exhibits have been filed with the Commission and are available for public inspection during regular business hours at the Commission offices. The Application and exhibits are also available on the Commission's Website at www.puc.idaho.gov under "File Room."

YOU ARE FURTHER NOTIFIED that the Commission may not hold a hearing in this proceeding unless it receives written comments or protests opposing the use of Modified Procedure and stating why Modified Procedure should not be used. Reference IDAPA 31.01.01.203.
