BUDGET BILL PLAN

41. **Residential Budget Bill Plan**: A Budget Bill Plan is available to Residential Customers, as defined in paragraph 51 of these Rules, desiring to levelize payments for water service. A Residential customer may enroll in the Budget Bill Plan at any time during the year. To be eligible for the Budget Bill Plan, the customer must have a minimum of 12 consecutive months of service at the current location and have no past due balance owing at the time of enrollment. Residential Budget Bill Plan participants will receive monthly billing statements, though their meters will continue to be read on a bi-monthly basis.

The levelized monthly payment will approximate the 12 month average of the most current 6 bi-monthly bills. Budget Bill Plan amounts will be recalculated annually at the 12-month anniversary of the date the customer began paying the most current Budget Bill amount. The new monthly payment will be the recalculated Budget Bill amount. A customer's Budget Bill amount may decrease, increase, or remain the same from year to year.

Customers with a negative (underpaid) balance in their Budget Bill Plan account at the time of recalculation will have new monthly Budget Bill Plan charges equal to the recalculated Budget Bill amount plus one-twelfth of the negative balance. At the customer's option, a negative balance may be paid in full and disregarded for purposes of calculating the next period's Budget Bill amount. If the negative balance exceeds 25% of the estimated annual bill for the ensuing annual period, the Company may request that the negative balance be paid in full. Customers with a positive balance exceeding \$25 in their Budget Bill Plan account at the time of recalculation may be refunded at the customer's request. If no request for refund is made, the monthly Budget Bill Plan charge will be equal to the recalculated Budget Bill Plan amount reduced by one-twelfth of the positive balance. Upon termination of the Budget Bill Plan agreement, after all charges for services are paid, positive balances will be refunded at the customer's option.

Estimates of future costs based on historical charges furnished by the Company with such Budget Bill Plan should not be construed by the customer as a guarantee that the total actual charges will not exceed the estimates. In the event of a significant change in rates for water service or substantial deviation from the customer's historical water consumption, the Company may at any time submit a revised estimate to the customer and require that the customer pay the revised monthly Budget Bill installment amount as a condition of continuation in the Budget Bill Plan.

The Budget Bill amount will be billed monthly. Once established, the Budget Bill Plan will remain in effect from year to year until the customer notifies the Company not less than 30 days prior to the desired date of cancellation or unless the customer fails to pay the Budget Bill amount.
