Please describe your comment briefly:

This is in regards to the request to increase rates on all customers being served by United Water Idaho.

I am EXTREMELY AGAINST any rate increase during these very bad economic times. With the economic situation being one where many people are out of work, or have taken pay/hour reductions, people can NOT afford a 15% rate increase! People are already struggling to meet financial commitments, and this increase just adds to the issues that are facing the general public.

Thanks.
