Name of Utility Company: United Water Idaho Add to Mailing List: yes

Please describe your comment briefly:

Whereas United Water has sustatined sbustancial revenue from the existing water infrustructure and, Whereas United Water projects to make additional revenue from investments and improvements it has made to the Boise water system.

It seems appropriate to beleive that these are costs of business that should be absorbed through United Water's \$300,000,000.00 in revenue.

It would also seem appropriate to believe that a yearly average should be charged to rate payers for operational increases. Therefore, a more appropriate increase would be along a % increase, especially considering these difficult times with so many Idahoans unemployed, and so many more under-employed.

a concerned citizen
