Dear PUC Representative.

Please make it possible for United Water to have a level pay or budget pay plan. The change would allow the amount of my monthly/bi-monthly bill to be the same amount each bill. This would help in my budgeting, and allow easier bill maintenance. I'm sure it would affect many customers for the good. Any help in this area would be greatly appreciated. Sincerely, Scott Garner.

I do sympathize with your ongoing need of infrastructure updates. However, like many Seniors, on fixed incomes and many of us returning to work, part time at entry level pay to keep our homes, pay our utilities and just survive; it is becoming increasingly difficult to continue with the rising costs, no matter how small, of every aspect of our daily living. It would seem to keep residential customers in their homes, paying regularly, would be cost effective over a long period of time.
