Please describe your comment briefly:

I called the water company hoping to be able to sign up for a 'Level pay' option for my water bills. I was informed that this has come to your attention on several occasions but has never been passed. I would like you to consider approving this option. In our current economic situation, being able to rely on a consistent payment helps those of us trying to maintain a budget. This is especially important since we are basically living in a desert area and the summer months are financially difficult for anyone trying to maintain a lawn and garden.
