Please describe your comment briefly:

Good Morning: Just finished re-reading you most recent mailing on the above case for increase of rates and charges in the State of Idaho. Wish to extend my sincere appreciation for all the attention and research regarding this rate charge.

Personally, am not most astute in mentally digesting matters of the hearings but feel the Company did make some very good concessions. Especially the one of level pay over a 12 month period. It is an extremely difficult economic time, for those out of work who cannot pay their bills, for the houses that have gone into foreclosure and left unpaid bills and for all those on fixed incomes.

The one question I would like answered is: have the Corporate Staff had their incomes fixed without raises until the economy becomes healthy once again. One of my Sons and one daughter, being in this type of employment, have had their incomes fixed for over a year now
