	)	<b>ORDER NO. 32920</b>

YOU ARE HEREBY NOTIFIED that on October 23, 2013, United Water Idaho Inc. filed two Applications to extend its certificated area. In Case No. UWI-W-13-01, United Water seeks to add an area known as Brighton Land Holdings LLC (Brighton Property) to its service territory. The Brighton Property is not within the authorized territory of any other public utility water corporation under the jurisdiction of the Commission. United Water plans to provide service to all areas in the Brighton Property under the terms of its tariff No. 1, General Metered Service. Brighton Land Holdings LLC has requested that United Water extend service to the area and United Water has determined it has the capability to provide service. The Company's Application states it will extend water service facilities to the area pursuant to its rules and regulations, and that extending service as requested will not require the construction of special facilities.

YOU ARE FURTHER NOTIFIED that in Case No. UWI-W-13-02, United Water seeks to add an area known as Eastvalley Subdivision to its certificated service territory. Eastvalley is not within the authorized territory of any other water utility and there are no other water providers with existing facilities in the area capable of providing service as requested by the developer of Eastvalley. United Water Application, pp. 2-3. United Water is capable of

immediately extending service to Eastvalley area by extending its existing mainlines located within its service territory. The developer of Eastvalley has requested that United Water extend service to the area and the Company has determined it has the capability to provide water service. *Id.* Providing service to Eastvalley will not require the construction of special facilities.

YOU ARE FURTHER NOTIFIED that United Water requested in each case that its Application be processed by Modified Procedure. Eastvalley and Brighton are in close proximity to each other, located just east of the Harris Ranch development served by United Water in east Boise. Service to each would be provided by extending United Water's existing main line in Warm Springs Avenue. Eastvalley contemplates 110 service connections and Brighton 89. The Commission determined to retain the separate case numbers but issue a Joint Notice of Applications and Notice of Modified Procedure providing for a 21-day comment period to process the Applications.

YOU ARE FURTHER NOTIFIED that the Commission has determined that the public interest may not require a formal hearing in this matter and will proceed under Modified Procedure pursuant to Rules 201 through 204 of the Idaho Public Utilities Commission's Rules of Procedure, IDAPA 31.01.01.201-204. The Commission notes that Modified Procedure and written comments have proven to be an effective means for obtaining public input and participation.

YOU ARE FURTHER NOTIFIED that any person desiring to state a position on these Applications may file a written comment in support or in opposition with the Commission within 21 days from the service date of this Notice. The comment must contain a statement of reasons supporting the comment.

YOU ARE FURTHER NOTIFIED that persons desiring a hearing must specifically request a hearing in their written comments. Written comments concerning these Applications may be mailed to the Commission and United Water at the addresses reflected below:
