Case No. UWI-W-14-01

Commission Secretary:

On December 5, 2014, United Water Idaho Inc. filed Reply Comments that concurred with Staff's Comments with a few exceptions. The Reply Comments also note that United Water met with Staff to discuss differences about: (1) the accounting treatment of investments; (2) one-time payment by former Brian Water Customers; (3) connecting potential customers in the Brian Subdivision who are not currently served by Brian Water; and (4) the applicability of budget billing. Staff files this Supplemental Comment to advise the Commission that United Water's Reply Comments accurately reflect the resolution of issues as discussed by Staff and United Water.

Sincerely,

Karl Klein
Deputy Attorney General
Idaho Public Utilities Commission
