Name of Utility Company: United Water Idaho Acknowledge public record: True

Comment: As a residential consumer of United Water Idaho I want to go on record in strong opposition to United Water Idaho's requested increase of 13.2%. Their recent "Notice of Application to Increase Rates" was to me nothing but a sob story of how tough things are, how minimal the increase would be on consumers, and how much they need "rate relief". I accept none of their argument.

United Water Idaho is a component of Suez, a huge French multinational. The amounts I, as a fixed income retiree pay to United Water Idaho are in my opinion already beyond exorbitant. United Water Idaho already received a significant increase a little over two years ago, and I am sure the expenditures they are using to justify an increase were strategically planned and operationally budgeted years ago. I wish I could get a raise like the one they are requesting.

I oppose this increase because I see this request as opportunistic, unjustified in terms of the rates already being charged, and unfair to residential consumers. United Water Idaho/Suez already went to the well a little over two years ago, and I am sure there have been no surprises in their business plan during the intervening period that justify the requested 13.2% increase.

Please do not approve this or any other increase to our water rates. Thank you for your time and consideration.
