Name of Utility Company: United Water Idaho Acknowledge public record: True

Comment: 7/27/15

How sweet! United Water is back asking for another fat rate increase. Three years ago they wanted 20% and this time it's 13.2%. Not bad for an out of state utility that see no end to spending the rate payers money.

I encourage the PUC to pare this request back to what is deemed essential. Maybe some sacrifices are in order for management and employees that others in the community have had to make. I see a well maintained office, employees driving late model vehicles and we get the perertual lecture with the bill to use water wisely. I'd like to see their monthly Customer Charge pared back to what is charged by Idaho Power and intermountain Gas.

Some rate relief is probably needed, double digit rate relief isn't.

Thank you'

John Auger
