PRICE LIST FORMAT

- A. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the Price List. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.
- B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised page 14 cancels the 3rd revised page 14.
- C. Paragraph Numbering Sequence - There are six levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.1
 - 2.1.1
 - 2.1.1 (A)
 - 2.1.1 (A).1
 - 2.1.1 (A).1.a
 - 2.1.1 (A).1.a.i
- D. Check Pages - When a Price List filing is made with the Commission, an updated check page accompanies the Price List filing. The check page lists the pages contained in the Price List with a cross-reference to the current revision number. When new pages are added, the check page is changed to reflect the revision.

- 2.3.8 The Company will use its best efforts to provide competent services consistent with industry standards. The Company will have no liability to the Customer for any loss of revenue or any other direct, special, incidental, consequential, or other damages the Customer may sustain resulting from the failure or inability of the Company to provide service to its Customers or End Users; negligent or defective services to Customers or End Users; equipment, computer, network, or electrical malfunctions or any kind, breakdowns, or outages; or any other cause, whether or not within the control of the Company.

- 2.3.10 The above language does not constitute a determination by the Commission that a limitation of liability imposed by the Company should be upheld in a court of law. Acceptance for filing by the Commission recognizes that it is a court's responsibility to adjudicate negligence and consequential damage claims. It is also the court's responsibility to determine the validity of the exculpatory clause.

SECTION 2 - RULES AND REGULATIONS

2.4 Use of Service

- 2.4.1 The service offered herein may be used for any lawful purpose, including residential, business, governmental, or other use. There are no restrictions on sharing of service. However, the Customer remains liable for all obligations under this Price List notwithstanding such sharing and regardless of the Company's knowledge of same. The Company will have no liability to any person or entity other than the Customer and only as set forth herein. The Customer will not use nor permit others to use the service in a manner that could interfere with service provided to others or that could harm the facilities of the Company or others.
- 2.4.3 Service furnished by the Company will not be used for any unlawful or fraudulent purposes such as use of electronic devices, invalid numbers, and false credit devices to avoid payment for service contained in this Price List either in whole or in part. Service furnished by the Company will not be used to make calls which might reasonably be expected to frighten, abuse, torment, or harass another. Nor will service be used for any purpose for which any payment or other compensation is received by the Customer except when the Customer is a communications common carrier, a resale common carrier, or an enhanced or electronic service provider who has subscribed to the Company's service. However, this provision does not preclude an agreement between the Customer, authorized user, or joint user to share the cost of the service as long as this arrangement generates no profit for anyone participating in a joint use or authorized use arrangement.
- 2.4.4 The Company does not transmit messages pursuant to this Price List, but its services may be used for that purpose.

SECTION 2 - RULES AND REGULATIONS

2.5 Obligations of the Customer

- (C) Claims for libel, slander, infringement of patent or copyright, or unauthorized use of any trademark, trade name, or service mark arising out of Customer's material, data, information, or other content transmitted via service.

2.5.2 If a Customer directly or indirectly authorizes third parties to use the service, the Customer will indemnify and hold the Company harmless against any and all claims, demands, suits, actions, losses, damages, assessments or payments which may be asserted or demanded by said parties.

2.5.3 The Customer is responsible for the payment of charges for calls originated at the Customer's telephone numbers.

SECTION 2 - RULES AND REGULATIONS

2.9 Payment For Services

2.9.1 LEC Billing

With LEC billing, the Customer's charges for Service(s) are billed with the Customer's bill for local service. Call detail is included with the bill. The rules and regulations applying to rendering and payment of the bill and late charges are the same as covered in the applicable LEC tariff. The Company will make every effort to post any credit due to the Customer account(s) on the Customer's next LEC bill. However, based on the date of the resolution of a dispute and the date credits must be provided to the LEC, it may be two or more billing cycles before a credit will be issued.

2.9.2 Billing Disputes

Disputes with respect to charges must be received by the Company in writing within three (3) years from the date shown as the bill date of the invoice or such invoice will be deemed to be correct and binding on the Customer. Written responses must be sent to the Company's customer service organization as per Paragraph 2.10.

SECTION 2 - RULES AND REGULATIONS

2.11 Cancellation By Company

The Company may block service to the Customer upon five (5) days' written notice to the Customer for any condition listed in Paragraph 2.2 providing that the name and address of the Customer is known by the Company. If the Company delivers the notice to the Customer's premises, it will be left in a conspicuous place. When notice is mailed, the notice will be addressed to the Customer's last known address and mailed first class or some type of express over night delivery. The selection of the method of delivering the notice is made by the Company.

The blocking of service(s) by the Company pursuant to this section does not relieve the Customer of any obligations to pay the Company for charges due and owing for Service(s) furnished up to the time of discontinuance. The remedies set forth herein will not be exclusive and the Company will at all times be entitled to all rights available to it under either law or equity.

2.12 Timing of Calls

Timing of calls begins when the called party answers the call (i.e. when two way communications are established.) Answer detection is based on standard industry answer detection methods including hardware answer supervision provided by the DUC and software answer detection. Chargeable time ends when one of the parties disconnects from the call.

SECTION 2 - RULES AND REGULATIONS

2.13 Initial and Additional Period

Calls are billed in increments of six (6) seconds subject to a minimum connect time (initial period) of eighteen (18) seconds.

2.14 Rounding

2.14.1 All calls are billed in the billing increments as set forth in Section 2.13 of this Price List. Calls that terminate between increments will be rounded to the next highest increment. For example, a call lasting 35 seconds will be rounded to 36 seconds.

2.14.2 Once the call duration, in billing increments is computed, the appropriate per minute charges, as listed in the rate schedules will be applied to the call. Calls with charges that include a fraction of a cent .5 or greater will be rounded to the next highest cent. For example, a Customer making a call with a computed charge of \$1.434 will be charged \$1.43 and a Customer making a call with a computed charge of \$1.435 will be charged \$1.44.

SECTION 2 - RULES AND REGULATIONS

2.15 Taxes

In addition to the charges specifically pertaining to services, certain federal, state, and local surcharges, taxes, and fees apply to services. These taxes, surcharges, and fees are calculated based upon the point of origination of the call, the point of termination of the call, the length of each call, and the taxing jurisdiction's rules and regulations.

All federal, state, and local taxes, surcharges, and fees (i.e., sales tax, gross receipts tax, municipal utilities tax, universal service fund assessments, etc.) are listed on the Customer's invoices, and unless otherwise specified herein, are not included in the rates listed in Section 4 of this Price List.
