5.1.3 CLASSES OF SERVICE OFFERED IN AN EXCHANGE AREA

A. General

1. The following classes of service are offered in all Idaho exchanges:

FLAT RATE SERVICE

Individual line business
Individual line residence

MEASURED SERVICE

Individual line business
Individual line residence

5.1.7 MAPS

Maps, indicating each exchange area within the Company's operating territory, are in separate binders.

5. EXCHANGE SERVICES

5.2 LOCAL EXCHANGE SERVICE

2. The provision of local exchange service at the rates, charges and under the regulations shown is subject to the provision of other sections of this document.
3. The rates and local message unit and measured service charges as quoted herein for local exchange service, entitle the customers to local calls, without toll charges, to all local exchange access lines connected to a CO of the exchange, or to all telephones served by CO's of the extended local service area where comprised of more than one exchange.
4. Application of Business and Residence Rates
 - a. Service is classified as business service and business rates apply when any of the following conditions exist:
 - (1) When the service is furnished at a location where a business, trade or practice is performed and where use of the location is not confined primarily to domestic activities.
 - Service for social clubs (e.g., Elks, VFW, Eagles, etc.) will be considered business service.
 - (2) When the directory listing is to be a business listing.
 - (3) When the service is provided to or through a reseller of local exchange service. Rates, charges and terms and conditions specific to resellers are specified in 5.10, following.
 - b. Service is classified as residence service and residence rates apply when the following two conditions exist:
 - (1) When the service is furnished at a location used primarily for domestic purposes; a residence location typically contains cooking and sleeping facilities.
 - Residence service will be allowed for individual rooms at group homes. e.g., fraternities, sororities, patient rooms at retirement homes, boarding houses when service to the rooms is not provided through a reseller of local exchange service, if the listing is in an individual's name.

5. EXCHANGE SERVICES

5.2 LOCAL EXCHANGE SERVICE

4.b.(1) (Cont'd)

- Residence service will be allowed in church living quarters and the clergy person's private study if the listing is in an individual's name.
- (2) When the directory listing is to be a residential listing. A residence service may not have a business directory listing.
- c. A residence service may not be part of a hunting sequence that contains business lines. When business and residence service both exist at the same location, no call forwarding, rollover-type services will be allowed between the business and residence line(s).
- d. Customers changing from business to residence service will be assigned different telephone number. Referral of calls to the new residence telephone number assigned will not be provided.

Customers may choose to retain the same telephone number but must continue to pay business rates until the next telephone directory is issued in which their telephone number does not appear as a business listing.

5. Nonrecurring Charges

The nonrecurring charge associated with a given service or item of equipment applies on a per-service and/or per-item basis each time the service or item of equipment is provided.

- a. Nonrecurring charges do not apply:
 - To change of grade, class or type of service as a result of held regrades;
 - To change a customer's mailing address;
 - To move a drop for maintenance reasons.

5. EXCHANGE SERVICES

5.2 LOCAL EXCHANGE SERVICE

(T)

1. Description

STAND-BY Line service is an additional line service which allows business customers to expand access to their business and expand the capacity to make outgoing calls on an as needed basis. This service is designed for customers that experience periodic peaks and valleys in calling volumes to and from their business.

2. Terms and Conditions

- a. *STAND-BY* Line service is available to business customers.
- b. *STAND-BY* Line service cannot be used as the primary business line. Customers must have flat business individual line or trunk service at the location for which they are ordering *STAND-BY* Line service.
- c. *STAND-BY* Line service provides an additional line which measures both incoming and outgoing calls on a per minute of use basis. The incoming and outgoing call capability is always active.
- d. This service is offered subject to the availability of existing central office facilities.
- e. A directory listing will not be provided with *STAND-BY* Line service.
- f. The nonrecurring charge will not apply to customers who change from *STAND-BY* Line service to an individual business line.
- g. *STAND-BY* Line service is eligible for Temporary Suspend and restore only if one or more business lines in the account has been placed on a suspended status. If all lines in the account are temporarily suspended, a *STAND-BY* Line cannot remain active.

C. Public Response Calling Service (PRCS)

(T)

1. Description

Public Response Calling Service, also known as Choke Network, provides facilities for call-in programs, including but not limited to radio, television, or internet promotional activities that result in mass calling by the general public to a telephone number.

2. Terms and Conditions

- a. Public Response Calling Service is offered to customers where the conditions listed below exist. The services offered are subject to the availability of the existing network facilities. The Company may revise or withdraw the service at any time with appropriate notice.
- b. In order to maintain the safety, continuity, and reliability of telephone service to the general public and 911 Service, those customers who solicit large volumes of incoming calls resulting in any of the conditions listed below, will be required to subscribe to PRCS, or modify or discontinue the call-in activity. Existing customers found to be using a business service inappropriately, generating large volumes of incoming calls that may adversely affect the service of other customers, may also be required to purchase PRCS.
 - The number of incoming calls being directed to a specified telephone number exceeds 200 in a given hour of time,
 - More than 15 percent of the calls to the specified telephone number reach a busy signal in any given hour,
 - The number of busy signals to a specific telephone number exceeds 1,000 per week.
- c. PRCS may not hunt or Call Forward-Busy to a non-PRCS line.
- d. Customers may not utilize *MARKET EXPANSION LINE* Service as a PRCS telephone number.
- e. PRCS is available only with incoming calling. Outgoing calling is not provided as a feature of this service. Callers to the PRCS telephone number from outside the local calling area will incur the appropriate toll charges.

A. Idaho Telephone Service Assistance Program (ITSAP)

1. Definition

The Idaho Telephone Service Assistance Program (ITSAP) provides for a credit against the recurring monthly rate for the provision of local residential service for certain low-income customers. Qualified recipients may also receive Lifeline, Link-Up and Tribal Lifeline credits.

2. Application

- a. The ITSAP credit, per Idaho code section 56-903, is only available to residence customers who meet eligibility requirements. To be considered eligible, the applicant must be the head of household and shall meet narrowly targeted eligibility criteria based solely on income or factors directly related to income established by the Idaho Department of Health and Welfare (IDHW). IDHW has established that ITSAP credit is available to customers whose gross income is "at or below **135%** of the Federal Poverty limit".

(T)

(C)

- b. The monthly discount to eligible ITSAP customers will be \$2.50. The discount will be applied to a single residential telecommunication service at the principal residence of the eligible subscriber or head of household.

3. Funding

The total cost of providing this ITSAP program shall be funded from a uniform monthly surcharge on each business and residential access line, excluding those residential access lines receiving ITSAP credit.

4. Monthly Credit[1]

	CREDIT USOC	CREDIT AMOUNT[2]	
• Flat individual line (1FR) - Rate Group 2[3]	ASGFT	\$19.18 (I)	(N)

[1] The ASGFX and ASGF2 credits from the Lifeline Assistance Program totaling \$9.25 apply in addition to the Tribal Lifeline credit. The remainder of the Tribal Lifeline Credit is reflected in the ASGFT amount. The Tribal Lifeline Credit is up to \$25.00, but no more than necessary to reduce the Tribal lifeline rate to \$1.00.

[2] The credit amount is calculated by adding the 1FR rate plus the **\$6.48** subscriber line charge together. The ASGFX and ASGF2 credits totaling \$9.25 are subtracted from the total and the remaining difference less \$1.00, which is the minimum Tribal Lifeline rate allowed, is the credit amount. For example: Tribal lifeline customer in rate group 2, (\$22.95 + **\$6.48** = **\$29.43** - \$9.25 = **\$20.18** - \$1.00) = **\$19.18** credit. (T)

[3] **Credit rates effective July 1, 2016.** (N)

A. Residence Customer Incentive Program

1. Description

The Customer Incentive Program is an offering for potential new residence local exchange customers and to existing residence customers to induce the retention or continuation of existing services by those customers.

2. Terms and Conditions

- a. This competitive response offering may be offered to potential new Qwest residence local exchange customers. In addition, the Company may provide a retention benefit to any existing residence customer who has retained a service for some period of time.
- b. For potential new residence customers, the Company may provide an incentive offer no more often than once in any two year period. In retention situations, the Company may provide an incentive no more often than once in any two year period with respect to any particular service or feature.
- c. To qualify for these offers, residence customers are required to have a satisfactory credit rating with the Company in accordance with 2.3.3, preceding.
- d. The recipients of the customer incentive offer and the amount of the customer incentive offer shall be in the sole discretion of the Company, but the value of the retention benefit may not exceed the sum of 3.a., following.
- e. The Company shall determine the particular details, including but not limited to periods and duration, class of customers, services, amounts, and geographic area, so long as each such offer to a particular residence customer is not inconsistent with the provisions of this Catalog and the amount does not exceed the maximum amount set forth in 3.a., following. The Company may prohibit use of this program in conjunction with another offer being marketed by the Company and/or a Company affiliate.

- f. Offers may differ based on reasonable criteria, including the following criteria or combinations of criteria below:
 - (1) The sales channel through which the products are sold.
 - (2) A specific geographic area.
 - (3) Existing customers who request to have one or more products disconnected.
 - (4) Customers who identify a better competitive offer are available to them. Qwest representatives may present to these customers multiple offers up to the maximum value under this Catalog.
 - (5) Such other facts, criteria, and circumstances as the Company believes is a reasonable basis upon which to distinguish among groups of customers.
- g. The Company reserves the right to discontinue this offer.

3. Rates and Charges

- a. Customers may be offered one of the following, or the equivalent monetary value, on selected products as determined by the Company:
 - (1) A waiver of an amount up to 100% of the current residence nonrecurring charge(s), or
 - (2) A waiver of up to three months of the recurring rates, or
 - (3) A waiver of an amount up to 100% of the current residence nonrecurring charge(s) and up to three months of the recurring rate(s), or
 - (4) A benefit or consideration offered or provided that is not associated with a service or product offered by the Company such as CPE, merchandise, or discounts on merchandise offered by others, gift certificates, gift cards, or otherwise, in the discretion of the Company. In determining the value of non-cash offers or benefits, the actual cost incurred by the Company, not to exceed the sum of 3.a.(3) above, shall be used.
- b. The waiver(s) will appear in the form of a credit(s) on the customer's bill. The waiver may be one-time, or spread over a period of up to 12 months in a fashion determined by the Company.

5.3.2 MESSAGE TRUNKS (Cont'd)

5. Semipublic Message Trunk Service is available to hotels, motels, and clubs to meet the telephone service requirements of their transient guests. Where warranted, in the opinion of the Company, this service arrangement may also be provided for hospitals, apartment houses, condominium complexes, courts and trailer parks where a considerable portion of the rooms or other units are regularly occupied by guests, patients or tenants for relatively short periods of time so that it is impracticable to provide regular exchange-type telephone service.
6. Any class, grade or type of business service regularly offered may be furnished to such locations in addition to the Semipublic Service, provided the use of the business service is confined to the management of the particular business establishment. Regular residence service may also be furnished in the quarters of guests, tenants, and/or patients in addition to Semipublic Service.
7. Under special circumstances, where in the opinion of the Company, it is practical to provide the necessary facilities, the tenants in separate motels, hotels, apartment houses, etc., may be served by one System. Under this arrangement all of the establishments must be under one ownership and operated as a single property. In such cases, the regular mileage charge treatment is applicable. Should one or more of the establishments cease to be under the same ownership, this service arrangement will be discontinued and separate service provided, as required for the establishments no longer under the same ownership.
8. Where regular flat rate or Centrex Service is provided to hospitals, regular residence service may also be furnished in the quarters of guests and tenants.

6. Rate Stabilized Flat PBX Trunk

(T)

a. Description

Rate Stabilized Flat PBX Trunk is an optional plan offered for Flat PBX Trunk customers only. The rate levels are determined by two elements: the total number of PBX trunks at a single customer location and the period of the Rate Stability Plan as agreed to by the customer and the Company.

b. Regulations

- (1) A customer subscribing to the Rate Stability Plan agrees to a specified rate, based upon the number of customer trunks at a given location and a specified rate stability period.
- (2) Regulations, rates, and charges as specified elsewhere in this Exchange and Network Services Catalog will apply as appropriate. The Rate Stability Plan is subject to the terms of the Termination Liability/Waiver Policy set forth in 2.2.14.D., preceding.
- (3) The Rate Stability Plan will be offered subject to the availability of existing facilities.
- (4) The minimum stabilized period for this plan is twelve (12) months.
- (5) The Rate Stability Plan rates and charges will be guaranteed against Company initiated changes during the length of the Plan. This Rate Stability Plan provides discount rate stability for the analog transport loop portion of service only.
- (6) The customer must subscribe to at least 20 trunks at a primary or secondary location in order to qualify for Rate Stabilization.

- (7) Termination charges may apply if the customer violates the terms and conditions of the Rate Stability Plan or the Rate Stability Plan is terminated for cause by the Company. The Termination Liability/Waiver Policy is set forth in 2.2.14.D., preceding.
- A customer will be considered to have violated the terms and conditions of the Plan if the customer cancels service during the term of the Rate Stability Plan or reduces the number of trunks at the customer location to a level 20% below that in service at the rate stability initiation.
 - The Rate Stability Plan may be terminated for "cause" if the Company provides the customer with 30 days written notice specifying the cause for termination and the customer does not comply with the requirements specified in the notice within the 30 day period. "Cause" constitutes any customer material breach of the terms of the Plan including, but not limited to, failure to timely pay applicable charges (see Section 2 of this Catalog).
- (8) Termination charges will be applied as specified in the Termination Liability/Waiver Policy set forth in 2.2.14.D., preceding.
- (9) Termination charges apply regardless of the reason for the Rate Stability Plan violation, including closure or sale of the business.

5. EXCHANGE SERVICES

5.3 PRIVATE BRANCH EXCHANGE (PBX) TRUNKS

5.3.3 FLAT RATE TRUNKS

6.b. (Cont'd)

(T)

- (10) Additional trunks purchased during the rate stability period can be incorporated into the terms of the existing Plan without renegotiating the Plan. If a lower rate is applicable due to the additional number of trunks, the larger discount will be applied once the trunks are in service, until the conclusion of the Plan.
- (11) If a customer's business is moved during the Plan period, the Plan may remain in effect as long as the new location is served by the Company and the minimum number of PBX trunks is maintained.
- (12) In the event a customer's business is sold, the Rate Stability Plan may be transferred to the new owner, if the following conditions are met:
- The Company is notified in advance of the sale and a "Change of Responsibility" form is issued.
 - The new customer assumes the liabilities and terms of the existing Plan which are in effect at the time of transfer.
 - Existing facilities remain in place.
 - A "Change of Responsibility" agreement is signed by both parties and notarized.
 - The transfer of responsibility is accepted by the Company.
- (13) The appropriate rates and charges found in Section 2 of this Catalog would apply for service transferred from one customer to another.
- (14) Once the Rate Stability Plan period ends, the customer may negotiate a new Plan or continue service under the standard applicable rates in effect at that time.

5.3.4 DIRECT-INWARD-DIALING (DID) SERVICE

A. Description

1. Direct-Inward-Dialing (*DID*) Service is a special trunking arrangement which permits incoming calls from the exchange network to reach a specific PBX (Private Branch Exchange) station directly without an attendant's assistance.

B. Regulations

1. This feature may be provided, in addition to regular, FCO or FX rates and charges, where CO facilities are available and the PBX system or customer-provided switching equipment capabilities permit.
2. One primary directory listing in the main directory of the serving CO is provided for each PBX system. An additional listing of each *DID* number may be provided subject to the regulations, rates, and charges as specified in 5.7.1, following.
3. The provision of this feature requires that the customer subscribe to a sufficient number of trunk facilities to adequately handle the volume of incoming calls.
4. *DID* service is available to new customers from non-ESS offices if the office is equipped for *DID* service and has sufficient *DID* capacity available.

D. Optional Features

1. DID Trunk Queuing

a. Description

DID Trunk Queuing is an arrangement whereby incoming calls that are placed to station lines within a *DID* system can be held in queue if all trunks between the central office switch and the customer's PBX are busy. Calls in queue will be held in their order of arrival until a trunk becomes available. Calls in queue are served on a first-in first-out basis. Calls held in queue will hear ringing until answered.

b. Optional Features

Delay Announcement

This option allows for incoming calls held in queue to hear a recorded announcement after a predetermined amount of time. The announcement can be accessed a maximum of four times and the customer has the option of providing their own announcement or a standardized Company announcement. Depending upon the customer's choice, ringing, silence or music will be returned after each announcement.

Music on Queue

This option allows for customer provided music to be played to customers held in queue after a recorded announcement has been accessed. This option can only be provided with Delay Announcement.

5.4.2 TOUCH-TONE CALLING SERVICE

A. Description

1. Touch-Tone Calling Service is a distinctive type of telephone service using audible voice frequency tones to actuate the CO equipment and is provided at no charge with an access line.

5.4.3 CUSTOM CALLING SERVICES

A. Description

Custom Calling Services include one or more of the following features:

Abbreviated Access

Allows a customer to place a call to a predetermined telephone number by dialing an abbreviated code. Two arrangements are available, namely, Abbreviated Access, one-digit or Abbreviated Access, two-digit.

The customer shares a speed call list with their Abbreviated Access provider and the provider controls the speed call list and informs clients of the digit(s) to dial to reach the predetermined telephone number.

Anonymous Call Rejection

Anonymous Call Rejection is available with Caller Identification and Last Call Return at no extra charge and prevents incoming calls marked private or anonymous from being completed. Anonymous Call Rejection is placed on the customer's line in the "off" condition. The customer must activate and deactivate the feature by dialing a code.

Calls marked private or anonymous are those calls on which per call blocking or permanent per line blocking has been activated in order to prevent name and telephone number information from passing to the called party. Blocked calls are routed to an announcement that states that the customer does not accept private or anonymous calls and provides further direction to the caller on how to unblock the call.

5.4.3 CUSTOM CALLING SERVICES

A. Description (Cont'd)

Call Curfew

Allows the customer the ability to block incoming and outgoing calls. The feature can be turned on and off manually or automatically by pre-set schedules which have been defined by the customer.

When the feature is activated, incoming calls will be blocked and the calling party will hear an announcement that the customer is unavailable. For outgoing calls, the customer will hear a fast busy and the call will not be completed. When the feature is not activated, normal call processing will occur.

Call Forwarding - Busy Line

- Expanded Forwarding

Allows a customer to have incoming calls forwarded to another predetermined number in a different central office switch if the called number is busy.

- External Forwarding

Allows a customer to have incoming calls forwarded to another predetermined number outside the customer's system but within the same central office switch if the called number is busy. The customer's system is service for which the customer is billed at that location.

- Overflow Forwarding

Allows a customer to have incoming calls forwarded to another predetermined number within the same central office switch if the called number is busy.

- Programmable Forwarding

Allows a customer to have incoming calls forwarded to another number when the called number is busy. The customer can activate and deactivate the forwarding feature by dialing a code as well as establish or change the number to which calls will be forwarded.

A. Description (Cont'd)

Call Forwarding - Variable

Allows a customer to forward incoming calls to another telephone number of the customer's choice. The customer activates and deactivates this feature and may also change the telephone number to which the calls are forwarded.

Call Rejection

Allows a customer to establish and modify a list of telephone numbers that will enable the customer to reject call attempts originating from those telephone numbers. Any call attempts to the customer from these numbers will be prevented from terminating to the customer and will instead be connected to an announcement informing the caller that the call is not presently being accepted by the called party. A customer may also reject future calls from the most recent call received by dialing a code after completing the call.

Call Trace

Allows a called party to initiate an automatic trace of the last call received. Call Trace is available on a pay per use basis only. After receiving the call which is to be traced, the customer dials a code and the traced telephone number is automatically sent to the Company for further action. The customer originating the trace will not receive the traced telephone number. The results of a trace will be furnished only to legally constituted law enforcement agencies or authorities upon proper request by them. Manual Trap and Trace is available where facilities permit.

Call Transfer

Allows a customer to transfer an incoming call to a third party or add a third party to an existing call, forming a three party connection, and then to leave the connection without disconnecting the call.

CALLER ID WITH PRIVACY +

Provides a customer with Caller Identification - Name and Number functionality and, in addition, provides special handling for unidentified incoming calls and incoming calls marked "private".

Calls placed from a private or blocked telephone number will hear a series of prompts asking them to unblock their line or record their name for delivery to the called party. Callers placing a call from an unidentified number will be asked to record their name for delivery to the called party.

When the calling party records a name, the service will route the call to the customer and the Caller ID unit will display "*PRIVACY +*" which identifies that the call has a recorded name. The customer will also hear a distinctive ring unless they subscribe to Custom Ringing. If the customer answers the call with the "*PRIVACY +*" designation the recorded name will be announced and the customer may then choose between three options for handling the incoming call. They may accept the original call, they may choose not to accept the original call or if they subscribe to Voice Mail, they can direct the original call to their mailbox.

Dial Lock

Dial Lock is a service that provides the ability to block outgoing calls. Through the use of an administrative password, a customer can determine what type of outgoing calls will be permitted from the line. Different blocking parameters can be established on a per line basis. This service will allow blocking to: all non-emergency local calls; all long distance and directory assistance calls; all international calls; all operator assisted calls; all toll free calls and all information services calls.

A customer can create a list of up to twenty numbers that can be called regardless of the type of blocking that is in place. Customers may override the blocking at anytime.

Directed Call Pick Up

Allows a customer to answer a call that is ringing to another line by dialing a preset access code and the telephone number of the line to be answered. Both the originating line and the line to be answered must be equipped with the feature.

Directed Call Pick Up With Barge-In

Allows a customer to answer a call that is ringing to another line, or has been answered by another line, by dialing a preset access code and the telephone number of the line to be answered. Both the originating line and the line to be answered must be equipped with the feature.

Distinctive Alert

Allows a customer to receive an audible Call Waiting tone or Distinctive Ringing signal from a line equipped with Dial Call Waiting. If the called line is idle, a Distinctive Ringing signal will be heard. If the called line is busy, the called line receives a Call Waiting tone.

Do Not Disturb

Allows a customer to set schedules to block incoming calls during designated times. These schedules automatically activate/deactivate the Do Not Disturb function. When the feature is activated, callers hear a customer selected greeting indicating that the customer is not available.

Customers who would like to have certain callers reach them when the service is activated may create a code for use by such callers.

Easy Access

Allows a customer to place a call to a predetermined telephone number by dialing an abbreviated two-digit code. The dialing code is *98.

Hot Line

Outgoing calls are automatically routed to a preprogrammed telephone number when the customer takes the phone off-hook. A line equipped with Hot Line cannot place outgoing calls to any number other than the preprogrammed number.

Last Call Return

Allows a customer to dial a code to receive an audio announcement of the telephone number, including non-published and non-listed numbers, of the last incoming call regardless if the call was answered or not. The number delivered by the announcement is the one provided by the telephone network to the customer's serving central office. Numbers marked "Private" by the caller will not be announced. If a number is announced the customer will receive a prompt that may allow them to automatically place a return call however, the feature may not be able to place the return call even if the number is announced. If a returned call can be placed, and the called number is busy, it will be redialed for a limited period of time. When the called number becomes available a distinctive ring will alert the customer.

Long Distance Alert

Long Distance Alert provides a distinctive ring and a distinctive call waiting tone for long distance calls. This service is offered only as an enhancement to Call Waiting and is provided at no additional charge.

NO SOLICITATION

Allows a customer to deter sales and telemarketing calls received by the customer. This is accomplished via a recorded message which informs the caller that the customer does not accept telephone solicitations, and asks solicitors to hang up and to place the called party on the solicitors "do-not-call" list. No Solicitation automatically screens calls between the hours of 8:00 A.M. until 9:00 P.M. daily (may be disabled by the customer at any time if desired). A caller may press one, or stay on the line to complete the call connection.

Priority Call

Allows a customer to establish and modify a list of up to fifteen callers' telephone numbers. When a call originates from one of the numbers on the list the customer will hear a distinctive ring. Incoming calls from numbers on the list that encounter a busy or don't answer condition will be treated like any other incoming call.

SECURITY SCREEN

Provides the customer with the ability to screen certain types of undisclosed calls that are placed to their number. A customer who subscribes to *SECURITY SCREEN* must also subscribe to Caller Identification – Name and Number. Two screening options are available with *SECURITY SCREEN*:

- *SECURITY SCREEN with Standard Screening* which screens calls from private (blocked) and unidentified telephone numbers only.
- *SECURITY SCREEN with Advanced Screening* which screens calls from all toll-free numbers, long distance numbers, and private (blocked) or unidentified telephone numbers.

Callers making calls from private (blocked) or unidentified telephone numbers to customers who use either *SECURITY SCREEN with Standard Screening* or *SECURITY SCREEN with Advanced Screening* will hear a series of prompts asking them to unblock their line or enter a telephone number for delivery to the called party. Callers making calls from toll-free or long distance numbers to customers who use *SECURITY SCREEN with Advanced Screening* will be asked to enter a telephone number for identification purposes. In all cases, a caller who chooses not to unblock their line or enter a telephone number will be advised that their call cannot be completed and the call will be terminated.

If the calling party unblocks their line or enters a telephone number, they will be connected directly to the *SECURITY SCREEN* customer; the *SECURITY SCREEN* customer will hear a distinctive ring if the call party inputs data to be passed unless they subscribe to Custom Ringing Service.

The Caller ID unit will display one of the following:

- If the call is private (blocked) or unavailable and the caller enters a ten-digit number from within the Company's territory that is the same as the calling number, the display will carry the telephone number and the caller's name with an (*).
- If the call is private (blocked) or unavailable and the caller enters a private ten-digit number that is different from the calling number, the display will show *SECURITY SCREEN* and the number the caller input.
- If the call is private (blocked) or unavailable and the caller enters a ten-digit number outside of the Company's territory, the display will read *SECURITY SCREEN* and the number the caller input.
- If the call is private (blocked) or unavailable and the caller inputs one to nine digits (e.g. 2345), the display will read *SECURITY SCREEN* and the number the caller input backfilled with zeros (000-000-2345).

Selective Call Forwarding

Allows a customer to establish and modify a list of telephone numbers whereby calls originating from numbers on the list can be forwarded to a local or long distance number selected by the customer. All other calls will be handled normally. Selective Call Forwarding may be activated, deactivated, or changed by the customer.

Selective Call Waiting

Includes the Call Waiting or Call Waiting Identification functionality and, in addition, allows the customer to establish and modify a list of up to twenty-five telephone numbers that will trigger the Call Waiting tone when the customer's line is in use. Callers not on the list will receive a busy announcement if the called party is on the line or be forwarded to the customer's Voice Mail.

Speed Calling

Allows a customer to dial frequently called numbers by dialing a one or two digit code in place of the entire telephone number. Speed Calling lists are available in an 8 number or 30 number capacity and can include local and long distance telephone numbers. The lists may be established and changed by the customer.

Three-Way Calling

Allows customers to add a third party to an existing telephone conversation by depressing the switchhook and dialing the third party's telephone number. When the third party answers the customer can conference all of the parties by depressing the switchhook, or speak with the third party privately. Three-Way calling is available on a pay per use basis or a monthly subscription basis.

Warm Line

Warm Line service allows a customer to establish a switched connection to a predetermined number if the customer does not dial a number within a specified length of time after going off-hook. When the customer's telephone goes off-hook and dialing begins within a specified time delay period, the call will proceed normally as dialed. If dialing has not started before the end of the predefined time delay period, a predetermined stored number is automatically dialed by the central office switching equipment.

Wireless Extension

A wireline forwarding service that works with a customer's wireless service. When a call is placed to the wireline number, it is automatically forwarded to a designated wireless number if the handset is turned on. If the wireless handset is turned off or is busy, the call rings at the wireline number and is not forwarded. In addition, any call coming from the designated wireless number to the wireline number will not be forwarded back to the wireless number. If the Wireless Extension customer has Voice Mail Service and the wireless handset is on, and the wireless handset is busy or the call is not answered, the customer can choose to have calls forwarded to the mailbox instead of the wireline number.

B. Regulations

1. Custom Calling Services will be provided where technically and/or economically feasible and are furnished only from central office areas where facilities permit, as determined by the Company. Features may work only within the local calling area, where all central offices that handle the call and all exchanges through which a call is routed are equipped with the necessary technology and compatible signaling and other interconnection agreements with non-Company providers exist. Without limiting the foregoing, these services are subject to, but not limited to, operational limitations and restrictions in equipment types, software releases, terms of interconnection with other networks and industry specifications.
2. The services will be provided only in connection with individual access line service. Custom Calling Services are not available in connection with Smart Public Access Line Service.
3. Where Custom Calling Services are provided in connection with Combination Access Line Service, all access lines must be equipped with the same Custom Calling features. The appropriate rate will apply per access line equipped. Custom Calling features are not available with Combination Access Line Service Arrangements No. 2 or No. 3.
4. At the time of a number change for Company reasons, existing business and residence lines may be equipped for one or more Custom Calling features without a service and equipment charge.
5. Where any Custom Calling Service is provided on a Measured Service line, usage charges as specified in 5.2.1, preceding, will apply to all calls placed by such features, including, but not limited to, those using Call Forwarding features, Call Transfer, Continuous Redial, Last Call Return, and Three-Way Calling.
6. Where any Custom Calling feature causes or permits a call to be placed to a telephone number out of the local calling area, all toll charges will apply at the rates and terms established by the interexchange carrier providing the facilities to carry the call.

7. Due to technical limitations, customers may not purchase the following on the same line:
 - One-digit Abbreviated Access service and Speed Call 8.
 - Two-digit Abbreviated Access service and Speed Call 30.
 - More than one Abbreviated Access service.
8. Control of the number assignment on the shared speed call list associated with Abbreviated Access resides with the provider. The provider must have an access line in the same central office as their client for the purpose of controlling the speed call list. The access line will be restricted from dialing any toll calls billable to the end user.
9. Due to technical limitations, customers who subscribe to Call Transfer and Speed Calling 8-number capacity will only have 6-number capacity available for their use.
10. Where technology permits, the predetermined number associated with Warm Line Service is controlled by the customer and may be changed by dialing an access code and the new number. In other instances, the connection to the predetermined number cannot be changed except through the issuance of a service order.
11. With Warm Line Service, the timing delay period before automatic dialing begins is specified at the time the service is ordered and cannot be changed except through the issuance of a service order.

5.4.4 MARKET EXPANSION LINE (MEL) SERVICE

A. Description

When a customer activates MEL on the customer's service, all incoming calls are automatically routed to another customer-selected telephone number in the local calling area or a distant exchange.

B. Regulations

1. Market Expansion Line Service is furnished only where adequate and suitable facilities are available. COs will be equipped for MEL Service at the discretion of the Company.
2. Market Expansion Line Service is provided on the condition that the customer subscribe to sufficient MEL features and facilities to adequately handle calls to the MEL customer without interfering with or impairing any services offered by the Company. If, in the opinion of the Company, additional MEL features at the call forwarding location or facilities at the terminating telephone are needed, the customer will be required to subscribe for such additional MEL features and facilities.
3. The service is not offered when terminating on a PAL.
4. The Company cannot provide the customer with the telephone number of the originating call.

5.4.4 MARKET EXPANSION LINE (MEL) SERVICE

B. Regulations (Cont'd)

5. The Company provides one free directory listing in the exchange where the MEL CO is located; however, at the customer's request, the listing may be omitted at no charge. Additional listings may be provided at rates and charges for business additional listing.
6. Directory Assistance charges are not applicable to MEL Services since this is an inward only calling arrangement.
7. The message charges applicable to remotely forwarded calls shall be comprised of two separate charges; (a) a charge for that portion of the call from the calling telephone to the called number, and (b) a charge for that portion of the call from the called telephone to the remotely call forwarded terminating telephone. The respective charge for each such portion shall be as follows:

- a. Between the calling telephone and the called (MEL) location.

The calling party is responsible for the payment of these charges with the exception of those calls which are placed collect and accepted by the MEL customer.

- b. From the called telephone (MEL) location to the terminating telephone.

The applicable charges for this portion of the remotely forwarded call shall be either the appropriate Long Distance Message Telecommunications charges or the trunk message charge, whichever is applicable for the type of call involved. These charges apply to all calls answered at the terminating telephone, including person-to-person and collect calls, even though such calls might not be accepted at the answering location. The MEL customer is responsible for the payment of these charges.

8. Suspension of Service – Customer Initiated is not available for MEL Service when the calls terminate on a WATS line.

5.4.9 CALLER IDENTIFICATION-BULK

A. Description

Caller Identification-Bulk (BCLID) allows a *CENTRON*, Centrex, Multiline Hunt Group (MLHG) or Private Branch Exchange (PBX) customer to receive call-related information on calls that are received from outside the *CENTRON*, Centrex, MLHG or PBX.

The following call-related information is transmitted per incoming call:

- The calling and called directory numbers (DN).
- The time of day the call was placed.
- The busy/idle status of the called DN.
- The calling line type (individual or group).

The Call Data input/output Central Office Facility provides the central office facilities necessary to transmit Call Data information over the Private Line Channel.

B. Terms and Conditions

1. A Voice Grade 36 (or equivalent) Private Line channel as specified in the Private Line Transport Services Catalog is required between the customer's serving central office and the customer's premises for the transmission of the call-related data.
2. The customer shall be responsible for the provision of compatible customer premises equipment (CPE) which will receive, translate, display and/or store the transmitted data. The installation, repair and technical capability of that equipment to function in conjunction with the service specified herein is the responsibility of the customer.
3. PBX customers subscribing to this feature must be assigned to a multiline hunt group or subscribe to DID service as described elsewhere.
4. For incoming calls from callers served by PBXs, only the main number of the PBX will be transmitted.

5.4.11 HUNTING SERVICE

A. Description

This is an optional arrangement available to customers with two or more individual line or trunk services. Where facilities permit, such lines/trunks will be arranged so that incoming calls to a busy line/trunk will overflow to other available lines/trunks for that customer. The following types of hunting arrangements are available: series and multiline (basic hunting), circular and preferential.

B. Rates and Charges

1. The rate for each individual line/trunk arranged for Hunting Service is in addition to the regular access line/trunk rate.
2. The nonrecurring charge applies for business customers to establish, change to or from or to rearrange Hunting Service, except when changing from series to multiline or vice versa.
3. The following rates and charges are for each access line/trunk arranged for Hunting Service. They are applicable to all but the last line so arranged.

	USOC	NONRECURRING CHARGE	MONTHLY RATE
• Residence, per line[1]	HTG	–	\$8.95
• Business, per line or trunk	HTG	\$12.00	8.95

[1] Residence customers served out of 2B switches may subscribe to Hunting Service at Call Forwarding rates specified in 5.4.3, preceding, until their serving central office is converted and the Call Forwarding option is available.

C. Optional Features

1. Circular Hunt

a. Description

Circular Hunt is an option of Hunting Service that allows for hunting to start at the dialed number and continues in ascending order to the last number in the hunt group. Hunting then proceeds to the first number of the hunt group and continues thru the group until an idle line is reached or the number just preceding the dialed number is reached.

b. Rates and Charges

The rates and charges for Circular Hunt are in addition to the rates and charges for Hunting Service. Only one nonrecurring charge will apply for business customers when both are ordered at the same time, for the same customer, on the same line.

5.4.19 NUMBER FORWARDING

A. Description

Number Forwarding allows a residence customer to have a telephone number identity without having an exchange access line. Calls placed to the telephone number can be forwarded to any other telephone number within the same local calling area.

B. Terms and Conditions

1. The number of incoming calls placed to the telephone number is limited to 5 calls within 5 minutes. Once the threshold has been exceeded, the calling party will hear an announcement indicating that the call cannot be completed at this time.
2. One listing in the white page directories is provided with this service covering the exchange in which the Number Forwarding central office is located.
3. Collect or third-number billing will not be allowed to the Number Forwarding number.
4. Number Forwarding is offered subject to the availability of facilities.
5. Long distance calls may be billed to the Number Forwarding number through the use of a calling card.
6. Number Forwarding customers who establish exchange access line service may reuse the Number Forwarding telephone number if service is established in the same local calling area as the Number Forwarding telephone number.
7. The service is not offered where the terminating telephone is a pay telephone.

e. Coinless Collect only Basic PAL Service

Coinless Collect only Basic PAL Service is a 1-way out only service commonly used in institutions such as penal or mental care facilities. When provided in penal and mental institutions, the service may be concentrated through a PBX. This service provides:

- Access to the toll and local network only by dialing 0 plus the desired number;
- Restriction of Company operator assisted calls by station users to only collect calls;
- Prevention of Company operators from billing collect and bill to third number calls to the PAL service.

This service prohibits calls to:

- Directory assistance;
- 911 emergency code;
- Interexchange carriers other than the carrier presubscribed to the line, 800/800-type service, 900, 976, 950, 960 telephone numbers;

5.5.7 PUBLIC ACCESS LINE SERVICE

A. Description (Cont'd)

6. Fraud Protection Service for Basic PAL Service offers three levels of protection: incoming, outgoing, and incoming & outgoing as described below.
 - Incoming Fraud Protection, or Billed Number Screening (BNS), prohibits collect and/or third number billed calls from being charged to Incoming Fraud Protected numbers. Callers attempting to place a collect or third number billed call using an Incoming Fraud Protected number for billing will be advised by an operator that such billing is unauthorized and the call will not be completed until other payment or billing arrangements are made.
 - Outgoing Fraud Protection restricts outgoing toll calls to only collect, third number billed and calling card.
 - Incoming & Outgoing Fraud Protection is a combination of the two aforementioned Fraud Protection Services.

Fraud Protection Service is subject to the availability of facilities with Basic PAL Service. Operator assisted, collect and/or third number billed calls originating from locations that do not have screening capabilities may not be capable of being intercepted and denied and will be billed, e.g., International calls and calls that do not go through the Billing Validation Authority database. Provision of Fraud Protection does not alleviate customer responsibility for completed toll calls. Rates and Charges for this service are set forth in 5.5.7.D.5., following.

5.5 PUBLIC COMMUNICATIONS SERVICE - COIN AND COINLESS **5.5.7 PUBLIC ACCESS LINE SERVICE (Cont'd)**

B. Terms and Conditions

1. Basic PAL Service is available on a Foreign Central Office (FCO) and Foreign Exchange (FX) basis at the rates and charges specified in the Private Line Transport Services Catalog.
2. Two-way PAL Service rates and charges include one business directory listing. Additional listings will be furnished at rates and charges specified in 5.7, following.
3. PAL Service is not represented as adapted for data service. PAL Service contemplates the provision of satisfactory voice transmission only.
4. Joint User Service is not available with PAL Service.
5. Calls to directory assistance, 911, and telephone repair service are not subject to measured or message PAL usage charges.
6. In the event it becomes apparent that a PSP pay telephone (as defined herein) is attached to a line not authorized for such use, the Company reserves the right to disconnect that customer's service. However, should the customer so request, the Company will install a Public Access Line at the rates and charges specified herein.
7. Terms, conditions, rates, and charges as described elsewhere in this Catalog apply as appropriate.
8. Changing to or from different types of PAL Service may require a telephone number change.
9. The Company is not liable for shortages of coins deposited and/or collected from the pay telephones used on PAL Service.

C. Responsibility of the Customer

1. The PAL customer shall be responsible for the installation, operation, and maintenance of any PSP pay telephone used in connection with this service. The PSP pay telephone must comply under Part 68 of the FCC Rules and Regulations.
2. The PAL customer is responsible for all rates and charges incurred on the Public Access Line. Toll adjustments will not be allowed on the PAL account, unless due to Company error.
3. The PAL customer will be responsible for any refund of coins lost or collected in error.
4. The Idaho Public Utilities Commission has established specific conditions for the connection of coin/coinless telephones to PAL lines. These conditions are set forth in Appendix A to Commission Order No. 19766 and subsequent rulings. Compliance with these terms and conditions is the responsibility of the PAL customer. A determination by the Idaho Public Utilities Commission that a PSP pay telephone does not comply with these conditions may result in the termination of the PAL service.
5. Optional toll calling plans, specified in 6.3, following, may be available to PAL Service customers. See individual Catalog section for restrictions.

5.7 DIRECTORY SERVICES

5.7.1 LISTING SERVICES

A. Description

The alphabetical directory is a list of names of customers, joint users, and others for whom directory listings are provided. Alphabetical listings include information which is essential to the identification of the listed party and facilitates the use of the directory. The Company reserves the right to refuse to publish listings which, in the judgment of the Company, are considered to be inappropriate.

B. Regulations

1. Dual name listings may be provided for two customers subscribing to residence service who may or may not share the same surname but who share the same service and reside at the same address. Dual name listings are defined as listings which contain the names or initials of two persons. Appropriate rates and charges are applicable to changes associated with dual name listings.
2. The Company, in accepting listings as prescribed by applicants or customers, will not assume responsibility for the result of the publication on such listings in its directories, nor will the Company be a party to controversies arising between customers or others as a result of such publication.
3. The Company has the right to limit the length of any listing in the directory by the use of abbreviations when, in its judgment, the clearness of the listing or the identification of the customer is not impaired thereby.
4. Listings are regularly provided in connection with most classes of exchange service.

5.7.7 CUSTOM NUMBER SERVICE

A. Description

1. This service is applicable for telephone number assignment when the customer requests a specific telephone number other than those offered by the Company. If the telephone number requested is available, the Company may assign the number to the customer.
2. Custom Number charges are not applicable to the following services:
 - 800 Service
 - 960 and 976 Service
 - Radio Common Carrier Services

B. Regulation

1. The Company will offer up to 5 numbers for customers to choose from at no charge. If a customer requests further or more specific number choices and accepts a number offered, the charge specified in C., following, will apply. Custom Number service and equipment charges will not apply when the customer requests assignment of the same number within one year of termination.
2. The Company reserves and retains the right:
 - a. To discontinue a charge or reassign telephone numbers in any exchange area whenever it deems it necessary or appropriate in the conduct of its business, or in accordance with the rules and regulations of the Company. If this should occur within a one year period following assignment, the Custom Number service and equipment charges will be refunded to the customer.
 - b. To reject any request for specific numbers for any reason, including, but not limited to, numbers that may, in the Company's opinion, be offensive to good taste, limited by central office capacity or by relocation of a central office.

In no event shall the Company be liable to any person, firm or corporation for any amount greater than such person, firm or corporation has actually paid to the Company for the Custom Number Services.
- 4. Requests for a specific telephone number will be granted providing the requested telephone number is available, e.g., not assigned to a current customer, ready to be assigned and no equipment limitations exist. Requests for a specific telephone number will be honored on a first-come first-served basis.
- 5. In the event that a request for a specific number is granted and that number is inadvertently assigned to some other customer, the liability of the Company is limited to a refund of any nonrecurring charges paid for that number by the customer whose request could not be fulfilled. - e. Any *QWEST CHOICE* Business or Add-A-Line package added after establishment of the initial term agreement discount period may be added either to the initial term period or may be added under a new term period.
- f. Customers may initiate a renewal of the term agreement either prior to or at the conclusion of the initial term period. If initiated prior to the conclusion of the initial term period, the new term must be equal to or greater than the initial term period. For example, a customer who originally opted for a 12 month term may renew for 12 months or may renew for 24 or 36 months.
- g. If the Company terminates the service for cause or the customer terminates the service in whole or in part without cause prior to the expiration date, the customer will pay a termination fee as follows:

TERM	TERMINATION FEE
12 months	\$100.00
24 months	200.00
36 months	300.00

- h. The termination fee applies to each *QWEST CHOICE* Business or Add-A-Line package provided under the Term Agreement Pricing plan. By way of example, a customer who has three packages under a 24 month term agreement and disconnects in month 15 would pay a total of \$600.00 in termination fees.
- i. Termination fees will be waived for a customer who opts out of the Term Agreement Pricing plan in the first 30 days after the initial installation of the package or packages.
- j. A termination fee will be waived for a customer that enters into an agreement for similar Qwest services where the agreement value is equal to or greater than the remaining value of the existing *QWEST CHOICE* Business or Add-A-Line package term agreement.
- k. Customers may switch between *QWEST CHOICE* Business, *QWEST CHOICE* Business Plus or Add-A-Line and not impact the initial term period. The termination fee specified above will not apply to the switch and the discount will then apply to the rate of the appropriate package for the remainder of the term period.

- a. A discount will be applied to the monthly rates specified in 5.9.1.B.3.f., preceding, when a customer agrees to subscribe to one or more *QWEST CHOICE* Business Plus or Add-A-Line packages for a specific term. The discounts and required terms are as follows:

DISCOUNT	TERM
10%	12 months
15%	24 months
20%	36 months

- b. The discount(s) will apply when a customer agrees to subscribe to one or more packages for 12, 24 or 36 months.
- c. The discount(s) will appear as credit(s) on the customer's bill. No partial month's credit(s) can be provided. The discounts specified in 5.9.1.B.4.a., apply for each *QWEST CHOICE* Business Plus or Add-A-Line package subscribed to by the customer under the Term Agreement Pricing plan.
- d. All qualifying packages must be at the same location, for the same customer, on the same billing number.

- e. Any *QWEST CHOICE* Business Plus or Add-A-Line package added after establishment of the initial term agreement discount period may be added either to the initial term period or may be added under a new term period.
- f. Customers may initiate a renewal of the term agreement either prior to or at the conclusion of the initial term period. If initiated prior to the conclusion of the initial term period, the new term must be equal to or greater than the initial term period. For example, a customer who originally opted for a 12 month term may renew for 12 months or may renew for 24 or 36 months.
- g. If the Company terminates the service for cause or the customer terminates the service in whole or in part without cause prior to the expiration date, the customer will pay a termination fee as follows:

TERM	TERMINATION FEE
12 months	\$100.00
24 months	200.00
36 months	300.00

- h. The termination fee applies to each *QWEST CHOICE* Business Plus or Add-A-Line package provided under the Term Agreement Pricing plan. By way of example, a customer who has three packages under a 24 month term agreement and disconnects in month 15 would pay a total of \$600.00 in termination fees.
- i. Termination fees will be waived for a customer who opts out of the Term Agreement Pricing plan in the first 30 days after the initial installation of the package or packages.
- j. A termination fee will be waived for a customer that enters into an agreement for similar Qwest services where the agreement value is equal to or greater than the remaining value of the existing *QWEST CHOICE* Business Plus or Add-A-Line package term agreement.
- k. Customers may switch between *QWEST CHOICE* Business, *QWEST CHOICE* Business Plus or Add-A-Line and not impact the initial term period. The termination fee specified above will not apply to the switch and the discount will then apply to the rate of the appropriate package for the remainder of the term period.

 - a. Measured Rate Resale/Sharing Access Trunks as outlined in 5.10.1. following and Network Access Registers.
 - b. Message Rate Resale/Sharing Access Trunks as outlined in 5.10.2. following, where Measured Rate Resale/Sharing Access Trunks are not available.
 - c. Flat Rate Resale/Sharing Access Trunks as outlined in 5.10.3. following and Network Access Registers.
3. Individual customers or the Customer-of-Record in the Resale/Sharing Service Area will not be furnished flat, measured and message rate services on the same premises except as follows:
 - a. Where the flat rate service is physically arranged so it cannot be used to supplement the measured or message rate service.
 - b. Where the flat, measured and message rate services have entirely different local service areas.
4. The Resale/Sharing Area is a building, portion of a building or geographic area within which a Customer-of-Record provides services.
 - a. The Customer-of-Record must notify the Company in writing of its intent to resell/share Company services at the earliest possible time to provide for facilities planning.
 - b. The Customer-of-Record must provide a map or other sufficient documentation, including a legal description, which specifically delineates the Resale/Sharing area within which it will resell/share service.

5. EXCHANGE SERVICES

5.10 RESALE/SHARING OF COMPANY SERVICES

A.4. (Cont'd)

- c. When the resale/shared building, portion of a building, or area includes non-contiguous properties, each will be considered as an individual area and the Customer-of-Record must file separate documentation for each.
 - d. The Resale/Sharing of local exchange services is limited to the area and/or areas declared above. Any changes/additions/deletions to the Resale/Sharing area must be received in writing by the Company prior to reselling or sharing in those areas.
5. The Company will provide service to the Customer-of-Record on the following conditions:
- a. The Company retains the right to directly serve individual customers inside the Resale/Sharing Service Area.
 - b. The Company will be provided access or rights-of-way to:
 - Directly serve individual customers within the Resale/Sharing Service Area or,
 - Pass through the Resale/Sharing Service Area to serve individual customers within the same building or area.
 - c. Customers-of-Record must commit to providing, at no cost to the Company, cabling or where cabling is not available, conduit, trench or support structures to enable the Company, initially and/or subsequently, to directly serve individual customers who request service from the Company in the Resale/Sharing Service Area. Such facilities must comply with and be installed in accordance with rules as adopted by the Federal Communications Commission and the National Electrical Code, as may be amended from time to time. Where cabling is provided by the Customer-of-Record, it may bill the individual customer a one-time charge not to exceed 18 cents per foot. The Customer-of-Record may deny access to its facilities to an individual customer if the individual customer refuses to pay the above referenced charge.
 - d. The Customer-of-Record must provide Qwest Corporation a written description setting forth the legal arrangement it has enabling it to obtain access to space and facilities within the building to provide the necessary wiring and other facilities in order to comply with item 5.c., preceding.

5. EXCHANGE SERVICES

5.10 RESALE/SHARING OF COMPANY SERVICES

A. General (Cont'd)

6. The Network Interface, as defined in B., following, is the point at which the local exchange services terminate.
7. The Customer-of-Record and/or individual customer is responsible for the provision of all wiring (facilities) on the Customer-of-Record's and/or individual customer's side of the Network Interface. Such wiring facilities which are connected to the Company's facilities must be installed in accordance with rules as adopted by the Federal Communications Commission and the National Electrical Code, as may be amended from time to time. At the option of the Customer-of-Record and/or individual customer, provision of such facilities may be provided by the Company on a contractual basis.
8. The Company will not be responsible for transmission quality beyond the Network Interface with the Customer-of-Record or individual customer provided facilities.
9. The Customer-of-Record and/or individual customer may arrange for Company installation and/or maintenance of facilities within the Resale/Sharing Service area.
10. All charges for services provided by the Company to the Customer-of-Record will be billed to the Customer-of-Record only. The Customer-of-Record is responsible for allocating the charges for resale/shared services. The Customer-of-Record must provide the necessary security to the Company to adequately secure its account.
11. Application for services on a Resale/Shared basis as well as requests for additions, rearrangements or discontinuances of service will be accepted only from the Customer-of-Record, primary point of contact, or from the Customer-of-Record's legally authorized and designated agent where that authorization has been confirmed in writing.

5. EXCHANGE SERVICES

5.10 RESALE/SHARING OF COMPANY SERVICES

A. General (Cont'd)

12. Whenever notice to Qwest Corporation customers is required, the Company will only be responsible to give notice to the Customer-of-Record, his/her authorized agent and individual customers within the Resale/Sharing Service Area. The patron's source of notification will be the Customer-of-Record.
13. If the Resale/Sharing Service Area encompasses public rights of way and/or public thoroughfares, the Customer-of-Record and the Company shall negotiate a contract for the use of Company facilities at rates which will cover the Company's costs. If the parties are unable to reach an agreement, the Customer-of-Record may obtain its own authority to use the public rights of way and/or thoroughfares. This document does not provide the basis for such authority.
14. The Customer-of-Record may obtain *DID*, custom calling features, directory listings and other related services under applicable provisions, terms and conditions.
15. Resale/Sharing of local exchange service will not be permitted on foreign exchange service.

B. Definitions

5.11 LOCAL VOICE DISCOUNT PLANS

5.11.1 CENTURYLINK LINE VOLUME PLAN (CVLP)

(T)

A. Description

1. **CenturyLink** Line Volume Plan (**CLVP**) is available to business customers subscribing to 10 or more basic business lines or qualifying packages. A customer may have up to a maximum of 3,000 participating lines across **all CenturyLink incumbent local exchange carrier (ILEC) service territories. Lines served by a CenturyLink competitive local exchange carrier (CLEC) are not contributory to or eligible for CLVP.** Line Volume Plan is offered as a tiered plan with each tier having a Minimum Line Requirement.

(T)

(T)

(T)

2. **CLVP** may be offered to new business customers or those who are contemplating establishing service with another telecommunications service provider or, business customers currently receiving their service from another telecommunications service provider.

(T)

The terms, conditions and rates for participating lines in CenturyLink incumbent local exchange carrier (ILEC) locations other than those served by Qwest Corporation may differ from those contained herein, and are as described in the applicable tariffs, catalogs, and/or other local terms of service documents of the providing CenturyLink ILEC.

(N)

(N)

3. Line Volume Plan defines qualifying products in **Qwest Corporation service territories** as the following:

(T)

(T)

- Flat Rate Business Lines (1FB) with Hunting
- **CenturyLink** Business (PGOQL)
- **CenturyLink** Business Plus (PGOQM)
- **CenturyLink** Business Add-A-Line (PGOQN)
- **CenturyLink** Business Prime (PGOQT)

(T)

(T)

B. Terms and Conditions

1. Customers subscribing to **CLVP** receive discounted rates specified in 5.11.1.C., following. All terms and conditions for qualifying products and services as specified elsewhere apply. The Company may withdraw this offering to customers at any time with appropriate notice.

(T)

2. All access lines must be associated with the same customer. The Company may, at its discretion, provide this plan to Affiliates or Franchisees of the customer. An Affiliate or Franchisee is an entity whose operation of business is substantially associated with the customer's name, mark, or commercial symbol.

5.11 LOCAL VOICE DISCOUNT PLANS

5.11.1 CENTURYLINK LINE VOLUME PLAN (CVLP) (Cont'd)

B. Terms and Conditions (Cont'd)

3. The discount level for **CLVP** is based on line volume and a contract term of 2, 3, 4 or 5 years. A customer may not have more than one **CLVP**, **except as specified in 9. following.** (T-M)
4. Additional business lines may be added, but will not affect the monthly discount level, **except as described in 10. following.** (T-M)
5. If **CenturyLink** terminates the Service(s) for Cause, or if a customer terminates the Services(s) in whole without Cause before the expiration date, the customer will pay termination charges of \$15.00 per line of the customer's Minimum Line Requirement times the remaining number of months left on the Term. For example: a customer terminating all service with 3 months remaining on the Term and a Minimum Line Requirement of 50 lines will pay \$15.00 x 50 x 3 = \$2,250.00 (T)

Annually, if an account falls below the Minimum Line Requirement for the discount tier, the customer will pay a shortfall penalty of \$60.00 for each line below the Minimum Line Requirement. If the customer is charged a shortfall charge, **the Company** may conduct quarterly audits and apply shortfall charges until the customer meets the Minimum Line Requirement. (T)

A termination charge will be waived if the customer replaces the service within the **Company's** region with similar **CenturyLink** contracted services equal to, or greater than, the remaining value of the commitment. (T)

Termination charge will be waived for customers with a **CenturyLink** Line Volume Advantage or Choice Business term agreement as long as the new **CLVP** agreement includes the same or greater number of lines for the same or greater term than their existing agreement. (T)

6. The customer may move all or part of the lines in **CLVP** to **any participating CenturyLink ILEC service location**, or change qualifying products, as long as the customer maintains the **overall** minimum line requirement. **Lines moved to an eligible service location other than Qwest Corporation are subject to the requirements described in 9. following. The rates for such relocated lines and the available ancillary services are as specified in the appropriate CenturyLink tariffs, guidebooks, schedules, and/or local terms of service documents for the new service location.** (T)

5.11.1 CENTURYLINK LINE VOLUME PLAN (CVLP) (Cont'd)

B. Terms and Conditions (Cont'd)

7. The Company may vary **CLVP** terms and conditions, excluding discount levels, to meet a specific customer's request provided the changes are mutually agreed upon by the customer and the Company. (T-M)
8. A customer that chooses a **CLVP** may not have Qwest Line Volume Advantage or any other Local Voice Discount Plan with the exception of CORE CONNECT 1. Lines under CORE CONNECT 1 will contribute toward the minimum line requirement, but will not be further discounted. Local lines receiving promotional or competitive response offers that include recurring charge waivers will not be eligible for **CLVP** discounts until the terms of those offers have been satisfied for those lines. (T-M)
9. **Customers with an existing CLVP provided by Qwest Corporation may select a separate (second) CLVP for services in an eligible location other than Qwest Corporation. Lines in an existing CLVP may, at Customer's request, be contributory towards determining the tier for the second CLVP. However, those lines will continue to be charged at their existing tier rates for the remainder of that term commitment period.** (N)

Alternatively, customers may replace their existing CLVP for lines in Qwest Corporation locations with a new CLVP for which they qualify.

10. **Additional business lines added under an existing CLVP will not affect the tier and monthly discount levels of that CLVP. Customers may, however, commit to a new agreement for a greater number of lines than the existing agreement. Rates applicable under the new agreement will not apply retroactively nor will the months accrued under the initial agreement apply towards the new commitment period.** (N)

C. Rates and Charges

1. Where applicable, incremental charges as specified in 5.1 of this Catalog apply and will not be discounted.
2. Customers will not incur nonrecurring charges when switching existing basic business line service to **CLVP**.
3. Nonrecurring charges will apply as specified in 5.2.4, preceding. Nonrecurring charges may be waived for new or existing business customers who move services from another telecommunications service provider to lines and packages under the **CLVP**.

4. Qualifying products may be aggregated across **all CenturyLink ILEC service locations** to determine the discount level. **CLVP** will be provided at the following stabilized rates **for lines in the exchanges served by Qwest Corporation under this Catalog**. These rates will be derived by applying discounts to current monthly rates for the qualifying products and will be adjusted to remain unchanged if the qualifying product rates change. **Rates for lines in other CLVP locations are as specified in the applicable CenturyLink tariffs, catalogs or other local terms of service documents.**

5.11.2 CORE CONNECT

A. Description

Core Connect 1 is available to business customers who subscribe to the Company's qualifying products and services under month to month, 1-year, 2-year or 3-year term plans[1]. (T)

1. The following qualifying products and services are required for Core Connect 1:
 - Core Connect 1 Choice Business Plus
 - Core Connect 1 Unlimited Long Distance (LD)
 - CenturyLink High Speed Internet Service with Core Service Pack up to 7Mbps

B. Terms and Conditions

- 1 A customer must subscribe to the Company's qualifying Long Distance calling plan(s) and High Speed Internet (HSI) Service in conjunction with the Choice Business Plus package. Qualifying Long Distance services are specified in the Qwest LD Corp. tariffs, price lists and rate schedules. Qualifying internet services are specified at www.centurylink.com.
2. In addition to the qualifying services for Core Connect, customers may add Unlimited Business Voice lines on a month-to-month basis, 1-year, 2-year or 3-year term basis. An Unlimited Business Voice line includes Choice Business Plus as described in 5.9.1.B, preceding, and the qualifying Unlimited LD calling plan. The Unlimited Business Voice Line requires Core Connect. A customer may select any combination of Core Connect 1, Core Connect Professional[2], and Unlimited Business Voice line(s) not to exceed 10 unlimited calling plans per account. (T)
3. Customers will be converted to stand-alone services if they remove any of the qualifying Core Connect services. For example, if a customer removes either a qualifying Core Connect Unlimited LD or CenturyLink High Speed Internet Service plan, the customer will revert to the stand-alone Choice Business Plus package at the monthly rates specified in 5.9.1.B., preceding, and termination fees will apply.

[1] **Effective August 20, 2016, the month to month and 2 year term option will no longer be available to new customers.** (C)

10. Termination fees will be waived for a customer who opts out of the Term Agreement Pricing plan in the first 30 days after the initial installation of Core Connect or Unlimited Business Voice line(s), or who moves within the Company's service territory where CenturyLink High Speed Internet is not available.
11. Termination fees will be waived for a customer who enters into an agreement for same or similar Company services where the agreement value is equal to or greater than the remaining value of the existing term agreement.

C. Rates and Charges

1. The monthly rates that follow include the local voice services only. Where applicable, incremental charges specified in 5.1 of this Catalog, apply.
2. There is no minimum service period for Core Connect. Customers who discontinue services within thirty days after establishment of service will be charged only for the number of days Core Connect was in service.
3. The monthly rates that follow do not include the monthly charges for the qualifying Unlimited LD plan or qualifying CenturyLink High Speed Internet Service plan.
4. Nonrecurring charges apply as specified in C.4., below. Nonrecurring charges may be waived for new or existing business customers who move services from another telecommunications service provider to Core Connect 1 and/or Unlimited Business Voice lines and who enter into a 1-year, 2-year or 3-year term[1].

5.11.4 CENTURYLINK BUSINESS BUNDLE

A. Description

CENTURYLINK Business Bundle, an optional enrollment plan available to business customers with up to twenty-five access lines across all service territories served by CenturyLink incumbent local exchange carriers (each, a CenturyLink ILEC), permits business customers who subscribe to qualifying products and services to receive Local Exchange Service and additional features and services specified in C. following for a flat monthly rate.

CenturyLink Business Bundle is available for a maximum of ten (10) business lines at each customer location.

B. Terms and Conditions

1. CenturyLink Business Bundle customers must subscribe to the following services provided by CenturyLink or a CenturyLink affiliate:
 - CenturyLink Business Package;
 - CenturyLink Business Bundle Unlimited long distance plan provided by CenturyLink Communications, LLC for the initial and each additional CenturyLink Business Bundle, and;
 - CenturyLink's non-regulated 1.5 Mbps or greater High-Speed Internet (HSI) on a month-to-month basis or under a two-year term minimum commitment period at each CENTURYLINK Business Bundle location. In locations where 1.5 Mbps is not available, customers may alternatively subscribe to the Company's non-regulated 512 or 768 Kbps HSI. The qualifying High Speed Internet service must be billed on the same invoice as CenturyLink Business Bundle, but may be provisioned on access lines other than CenturyLink Business Bundle.
2. There is no minimum service period for the Local Exchange service and features provided in CenturyLink Business Bundle. Customers who discontinue this service within thirty days after establishment of service will be charged only for the number of days of service.
3. CenturyLink Business Bundle lines cannot terminate into a PBX or other line trunking device except as otherwise indicated herein.

5.11.4 CENTURYLINK BUSINESS BUNDLE

B.1. Terms and Conditions (Cont'd)

4. Components of CenturyLink Business Bundles will be converted to a la carte rates for the remaining services if customers remove any of the qualifying services. If the qualifying High Speed Internet service is discontinued at any CenturyLink Business Bundle location, components of all CenturyLink Business Bundles at that location will be converted to ala carte rates. No termination liability charges will apply for the regulated portion(s) of CenturyLink Business Bundles if a qualifying service is discontinued prior to the minimum service period or term commitment period for that qualifying service.
5. All terms and conditions specified elsewhere for the respective services/features requested as part of this plan shall apply.
6. Services selected as part of this plan can only be provided where technically available and compatible with other services the customer may choose to order.
7. CenturyLink Business Bundle cannot be combined with any other discounts unless otherwise specified.
8. This plan is not available to customers who are or become toll restricted. Non-recurring Charges will not apply for those existing lines converted, in-place, to business exchange service due to company-initiated toll restrictions. Such customers will not be permitted to re-enroll in this plan until such time as all associated unpaid balances are satisfactorily paid in full.
9. A Nonrecurring Charge as specified in C. following will apply in lieu of any other Service Charge(s), except that if a premises visit is required in order to establish service, the nonrecurring charge normally applicable for a premises visit will apply in addition to the Nonrecurring Charge following.

The Nonrecurring Charge will be waived when:

- a. customer migrates existing Local Exchange Service lines to CenturyLink Business Bundle, or
- b. customer orders CenturyLink Business Bundle additional lines subsequent to establishment of the initial line, or
- c. customer orders initial and/or additional lines and selects the two-year term commitment for the required High Speed Internet service.
