**APPLICATION OF TIME WARNER CABLE

Time Warner Cable Information Services (Idaho), LLC, d/b/a Time Warner Cable (“Applicant”), by and through its attorneys, hereby submits this application for a Certificate of Public Convenience and Necessity (“Certificate”) to provide competitive facilities-based local and interexchange telecommunications services statewide within the State of Idaho. Applicant respectfully requests that the Idaho Public Utilities Commission (“Commission”) grant the Certificate pursuant to Sections 61-526 through -528, Idaho Code, Commission Rule of Procedure 111 and Order No. 26665.

**TIME WARNER CABLE INFORMATION SERVICES (IDAHO), LLC’S APPLICATION FOR A
 CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY**

The Applicant asserts that a formal hearing is not necessary in this matter and respectfully requests that its Application be processed by Modified Procedure under the Commission's Rules of Procedure 201-204, IDAPA 31.01.01.201-.204.

1. **NAME, ADDRESS AND FORM OF BUSINESS**

CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY

Drive, Stamford, Connecticut 06902-8700. The stock of Time Warner Cable, Inc. is publicly traded on the New York Stock Exchange under the symbol TWC. A complete organizational chart, including Applicant, Time Warner Cable Inc. and related entities is attached hereto as **Exhibit 3(a)**. The Applicant also notes that it is currently in the process of completing an internal restructuring transaction through which there will be a structural separation of Time Warner Cable Inc. from Time Warner Inc. (the "Transaction"). Specifically, the Transaction provides that Time Warner Inc. will distribute to some or all of its shareholders all of the shares it holds in Time Warner Cable Inc., so that such Time Warner Inc. shareholders will hold these shares of Time Warner Cable Inc. directly rather than indirectly as they do today. The Transaction will not result in any substantial change in control of TWC or any TWC subsidiary, including the Applicant. Rather, the public shareholders of Time Warner Inc. will retain ultimate control of Time Warner Cable Inc. and its subsidiaries (including the Applicant) and, as a result of the Time Warner Inc. distribution, will exercise that control through their direct ownership of Time Warner Cable Inc., not indirectly through Time Warner Inc. At present, approximately 84 percent of the common stock of Time Warner Cable Inc. (representing a 90.6 percent voting interest) is owned indirectly by Time Warner Inc., which is a widely held public company with no shareholder holding a ten percent or greater equity or voting interest. Thus, the current public shareholders of Time Warner

Inc. ultimately control the Applicant and will continue to do so (through their control of Time Warner Cable Inc.) after the Transaction is complete. Illustrative charts depicting the corporate structure of the Applicant before and after this transaction are attached hereto as **Exhibit 3(b)**. The Transaction will be seamless and transparent to the Applicant and its business plans. The Applicant will continue to operate under the same name, will continue to develop its plans to provide service to its customers under the same name, and will continue to be led by its existing, experienced management team.

2. TELECOMMUNICATIONS SERVICE

Pursuant to the Commission's grant of a Certificate, the Applicant intends to provide facilities-based wholesale and retail intrastate telecommunications services to commercial customers. Applicant will rely on facilities owned by its cable affiliate, Time Warner Cable, Inc., as appropriate. Applicant cannot yet identify the exact facilities that will be required to provide its services, as the architecture will depend upon future customer location, customer demand and the outcome of interconnection agreement ("ICA") negotiation with

incumbent local exchange carriers (“ILECs”). The capacity of facilities to be provisioned will correspond to the demand for the telecommunications services to be provided by the Applicant.

3. SERVICE TERRITORY

Applicant seeks authority to provide retail and wholesale facilities-based intrastate telecommunications services to commercial customers in all existing telephone exchanges in the State of Idaho. Because Applicant seeks statewide authority, it is not attaching service area maps.

4. FINANCIAL INFORMATION

Applicant’s source of capital funds that will be used to provide telecommunications services in Idaho are all of the resources of Time Warner Cable Inc. A letter signed by an officer of Time Warner Cable Inc. memorializes the corporation’s financial support of its affiliate and is attached hereto as **Exhibit 4**. Time Warner Cable Inc.’s financial information is attached hereto as **Exhibit 5**.

5. SERVICE TERRITORY

Applicant seeks authority to provide telecommunications services statewide in Idaho and as a result is not attaching service area maps.
